in this ever-so-important part
of the rest of our lives!

1. — '81 ... more special
than other years gone —
special because we had
fun, laughed, cried, told
secrets and created
magical moments,
memories that made this
year the one.

Agriculture Continued to offer the Practical

The Agriculture Department ran under a "Hands-On" Philosophy. Students applied what they learned in the classroom to activities in the school greenhouse, orchard, grounds, and animal laboratory.

Many agricultural students decided to expand their knowledge and join F.F.A.

The Future Farmers of America was the largest and most active club on campus. Besides giving agricultural students a chance to compete in various contests throughout the state, the organization also developed leadership, scholarship, and social skills. Activities include attending judging contests, several fairs, leadership conferences, state finals and owning and operating the agriculture laboratory on campus.

Arts and Crafts: The Classes of Creativity

The smell of incense, paint thinner, sawdust and melted wax were ever present in the creative atmosphere of the art classes.

As expected the art classes were full this year, but this did not stop the students from creating unique and beautiful projects. Projects made in these classes varied from jewelry made the lost wax casting method, the making of decorative mirrors and the creation of leather products.

Students enjoyed these classes because they weren't pressured to turn in their work at a certain time, but could work at their own pace. As Dana Hill said, "You're allowed to be yourself." Some students took these courses because they like the teacher. Edgar Woods stated, "Mr. Shaver is an excellent teacher, and you learn a lot in his class." In Mr. Kurtz class Bonnie Carnwright said, "It's interesting because of the drawing techniques and the learning." As Wendi Highfill put it, "At first I thought it would be difficult, but after a bit of practice it turned out to be easy and fun."

The teachers in this fun filled class were Nancy Wygant, Stanley Shaver, and John Kurtz.

Business

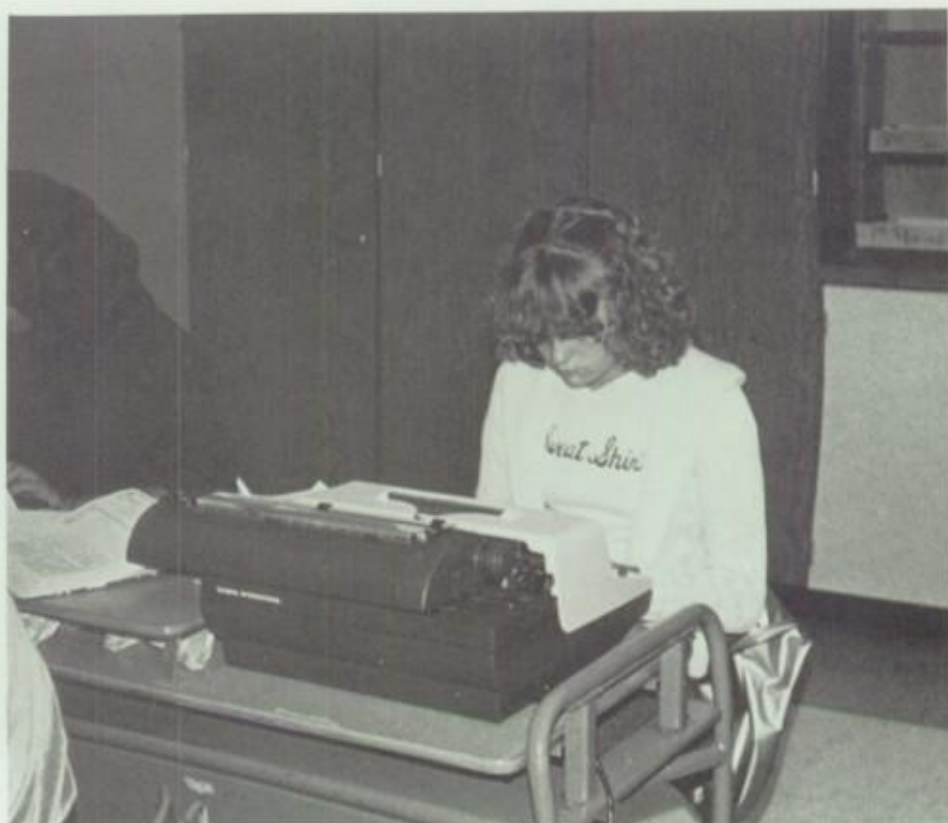

Typing, shorthand, bookkeeping, and general business were the business courses offered this year. The teachers for these courses were Miss Anderson and Mr. VanKirk.

Miss Anderson commented "I like all my classes very much. The students are pleasant to be around, and seem really enthused about the class."

Business was just one course that offered knowledge and skills that could be used for the rest of their lives.

English Department Offered Wide Variety of Courses

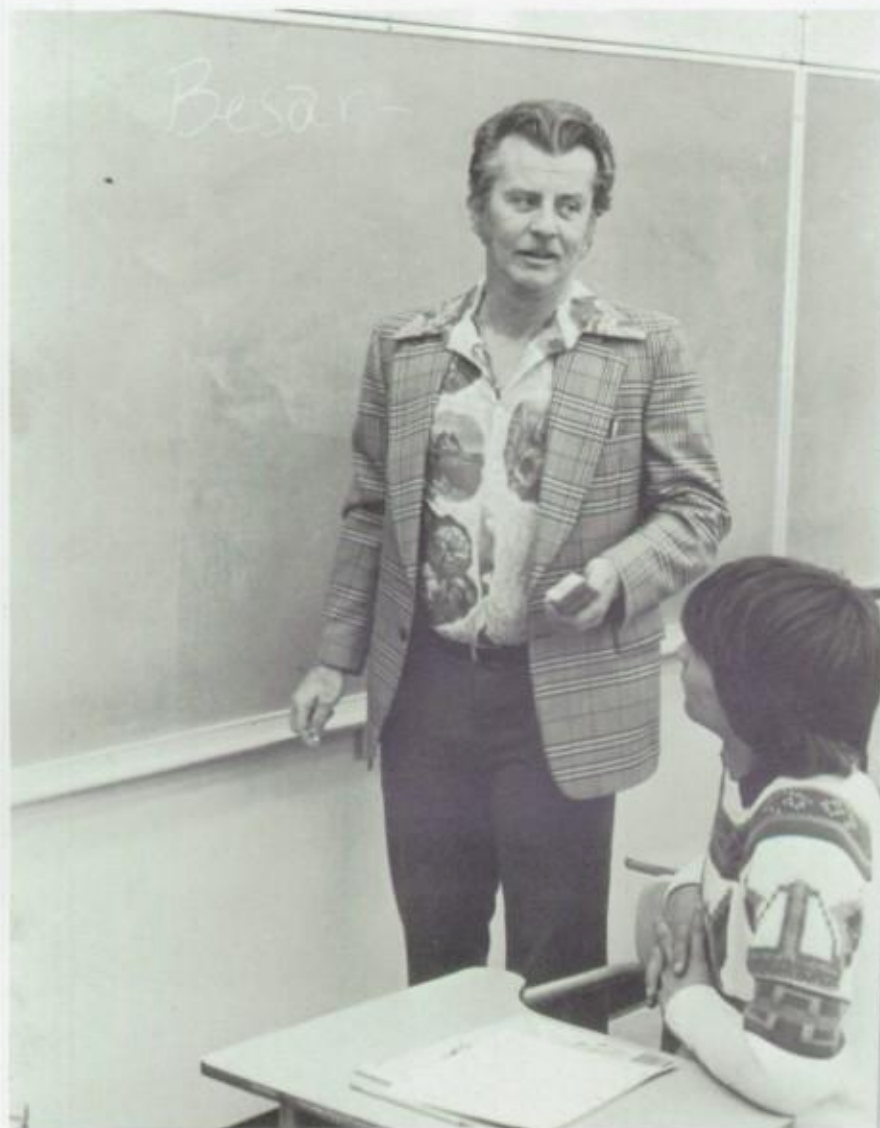

The English courses taught this year varied greatly. Starting with intro to writing. They extended across the spectrum to advanced comp. Included in the English Department were the Sundial, school newspaper, the Yearbook Staff; and Drama.

The new teacher of the newspaper was Mrs. Joan Bogert, replacing Ms. Dianne Peterson, who was on sabbatical leave.

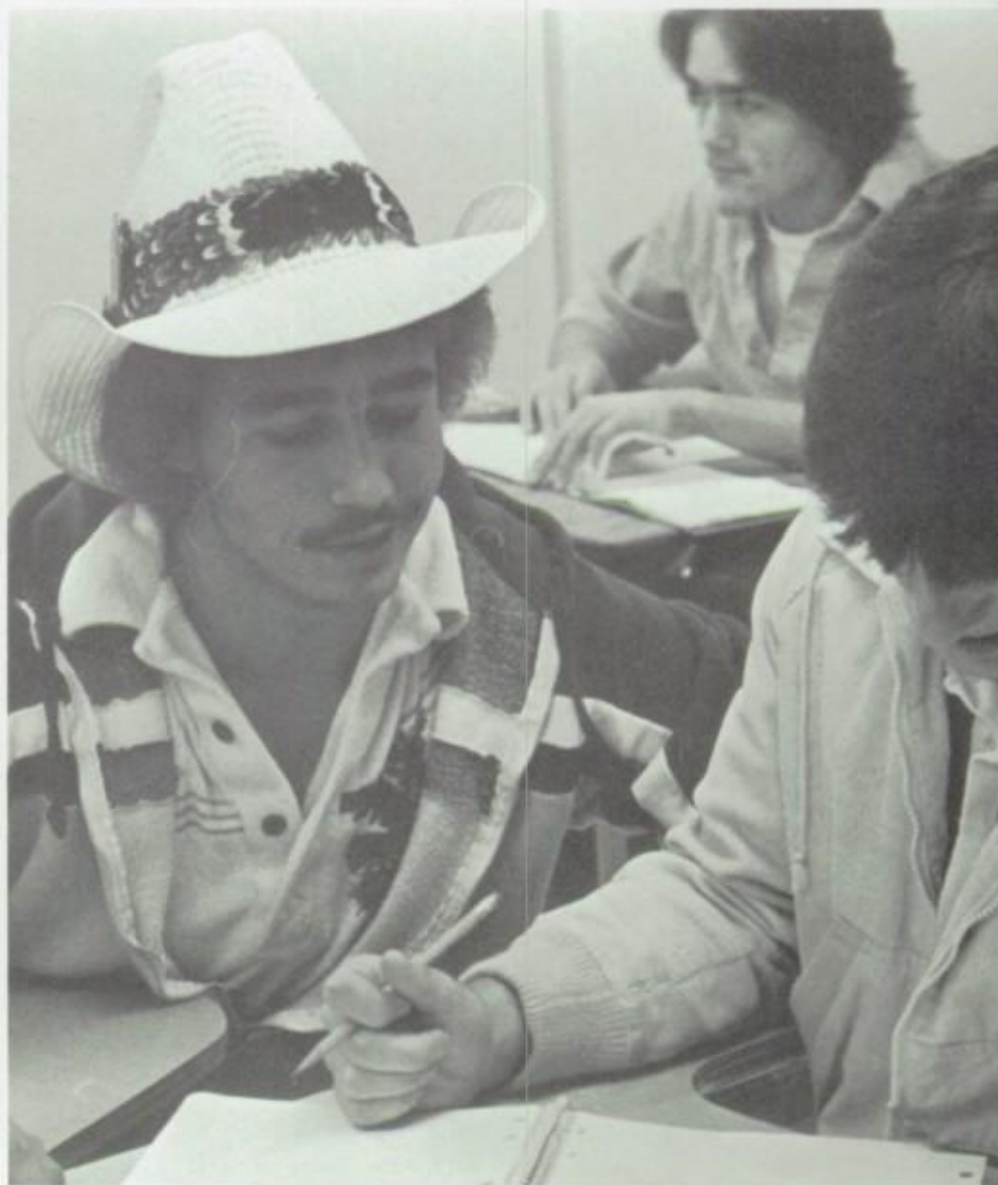

Patti Cooley said that Mr. Brimhall related to his students well.

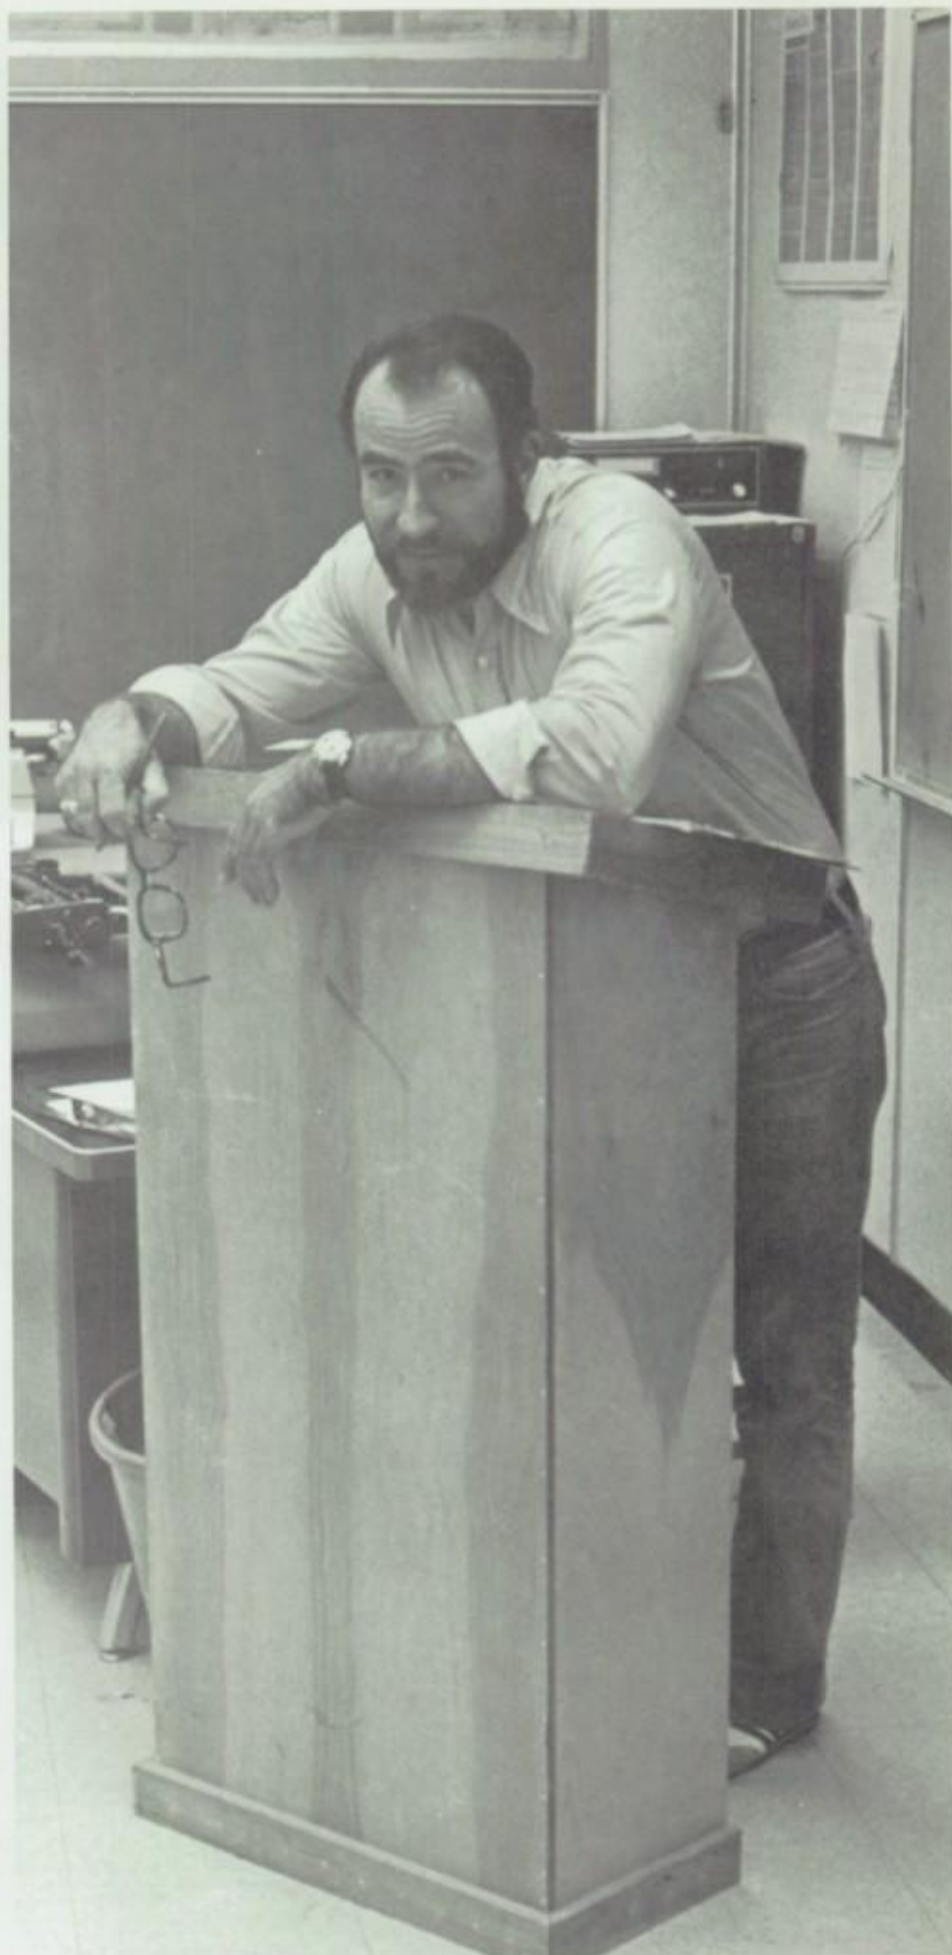

From Drama, Tosha Hutchinson stated, "Drama is really fun!"

Yearbook Staff photographer Ron Taylor says, "It's fun taking the pictures."

FOREIGN Language — Understanding Of A Different Culture

Somewhere between bingo games and various trips, Foreign Language students managed to learn a new language. The students started with simple greetings, and progressed to verb tenses and stories.

French, German, and Spanish were the languages offered. These classes were not required, but were chosen for electives. Learning did not stop in the classroom; students were able to join the German or Spanish clubs.

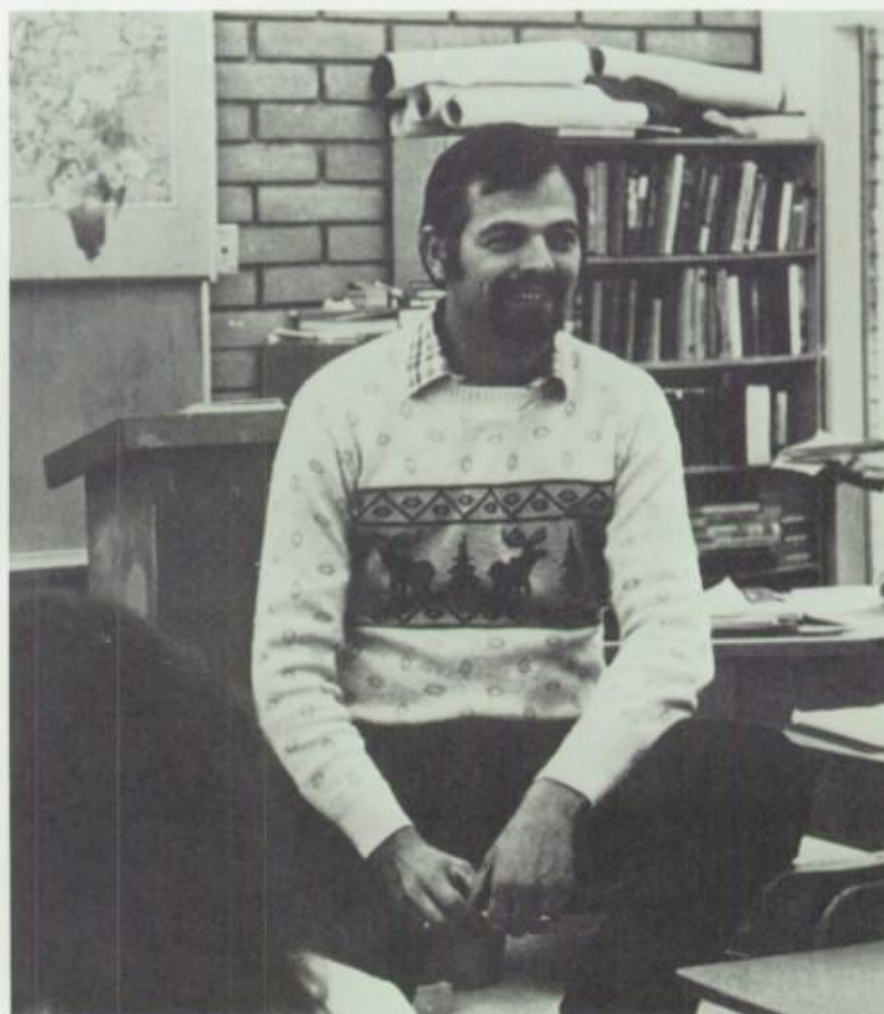

The German Club had many fund raising activities, so they were enabled to take their annual trip to Mammoth. In Mammoth they were required to speak as much German as possible. The Spanish club raised money to go to Mexico.

Much was learned this year. Students found many ways to put their language skills to use.

Drivers Ed

If you walked into Drivers Ed on a normal day, you would find the students busy reading their books, and the teachers grading papers, or helping students.

The biggest problem with this class was the lack of funds; books were limited.

Rod Lonsinger, usually seen with one or more of his cross country runners, was also head of the health department. In Drivers Ed because of prop 13, some new adjustments were made. Nine weeks of the actual driving were cancelled. The eighteen week course was divided into two parts.

According to Trisha Dunlap the new class added to take the place of the driving was "Creating Your Future." This was taught for one week out of the nine in the Career Center.

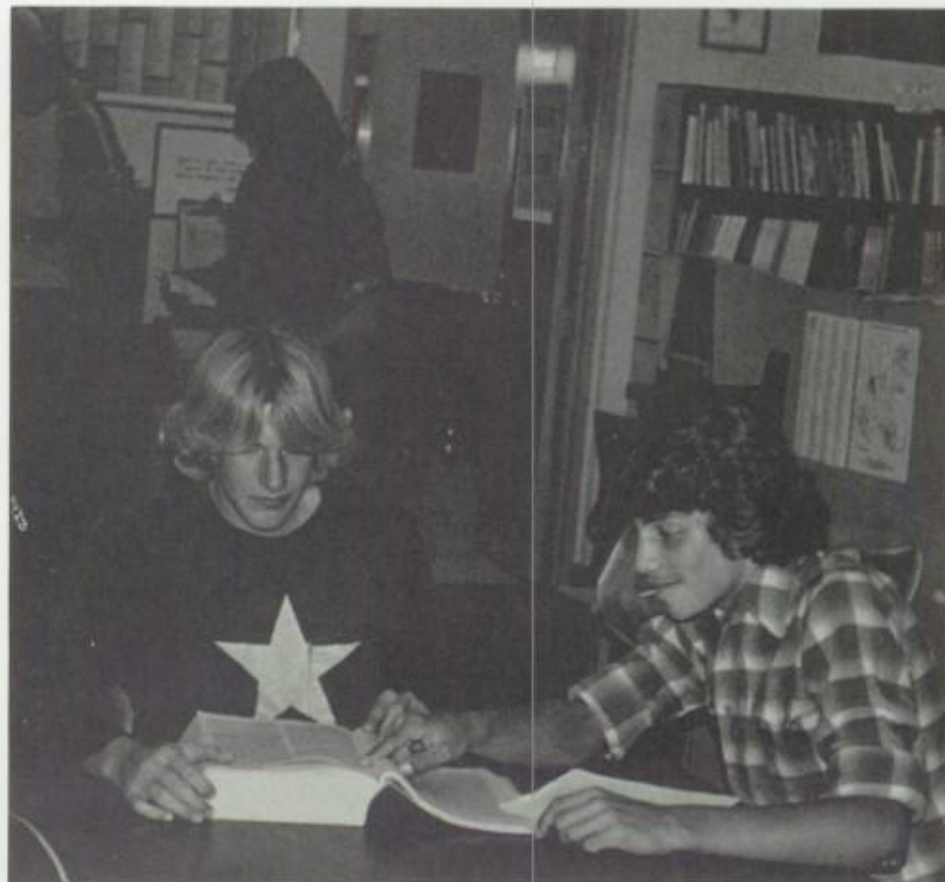

The class gives students a chance to find out what they are going to do after graduation. The class consists of various worksheets, talks by the teacher, and career speakers.

Kurt Weiss said, "The class is boring." Steve Starkes said, "If I didn't have the class, I don't know where I would be."

The other nine weeks was the book work part of Drivers Ed.

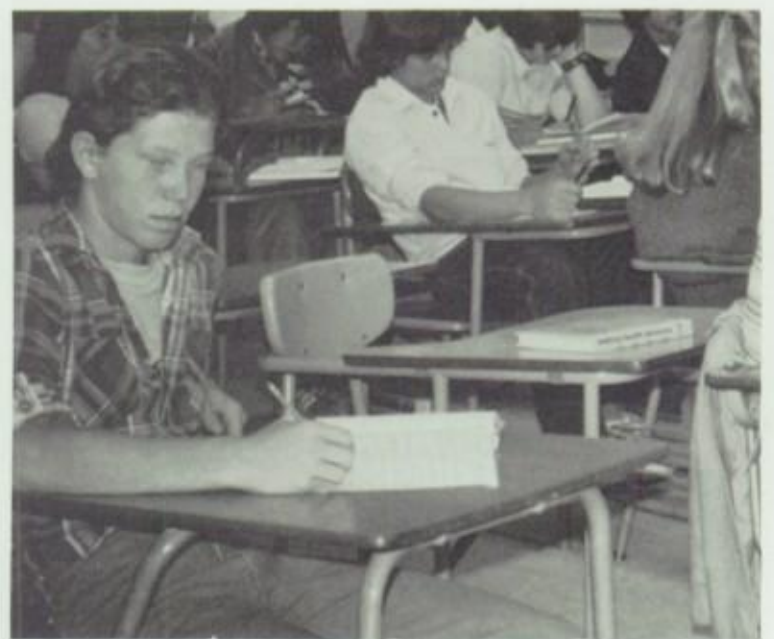

Michelle Hutchason commented, "It's easy except for book work." Danny James said, "Cool class, beats creating your future." Lori Underwood said, "I've already got my liscence but it's easy."

Below: Kurt Weiss studing for the future.

Students Enjoying Health

As you walked into the Health class in B-2 the first thing you saw was all the books in the back of the room piled high. All of the students were hard at work and not making a sound. Health was a semester course that is required of all sophomores. It deals with different kinds of problems like mental health, physical fitness, alcohol, drugs, smoking, sex education, and firstaid. Laurie Weissinger said, "Health is easy, not much work." Shanda Mattingly said, "The class is a lot of fun." Sheri Smith said, "The class has the right amount of work."

Industrial Arts

In the vast world of Industrial Arts students found a number of skills using their heads and hands to create, repair, and construct.

First, for the artists with the master mind, there was architectural drawing where they can learn blueprint drawing, landscape drawing and just plain drawing as an art. This art was taught by Mr. Steve Sauerwein.

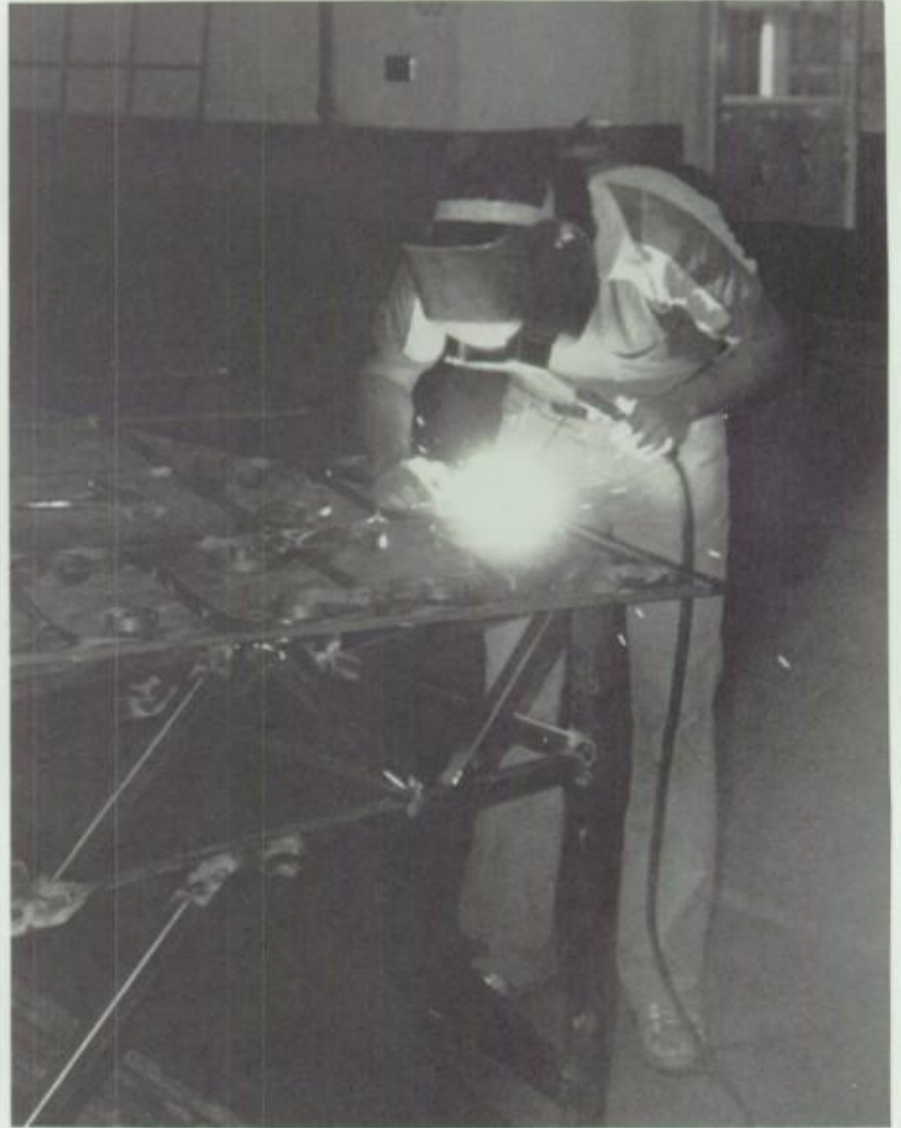

Another trade taught was metal, where students had an opportunity to learn a useful skill. Metal was also taught by Mr. Sauerwein.

Woodshop was yet another skill oriented class offered where students learned a trade that will help them after school. Wood class was taught by Mr. Dick Hall.

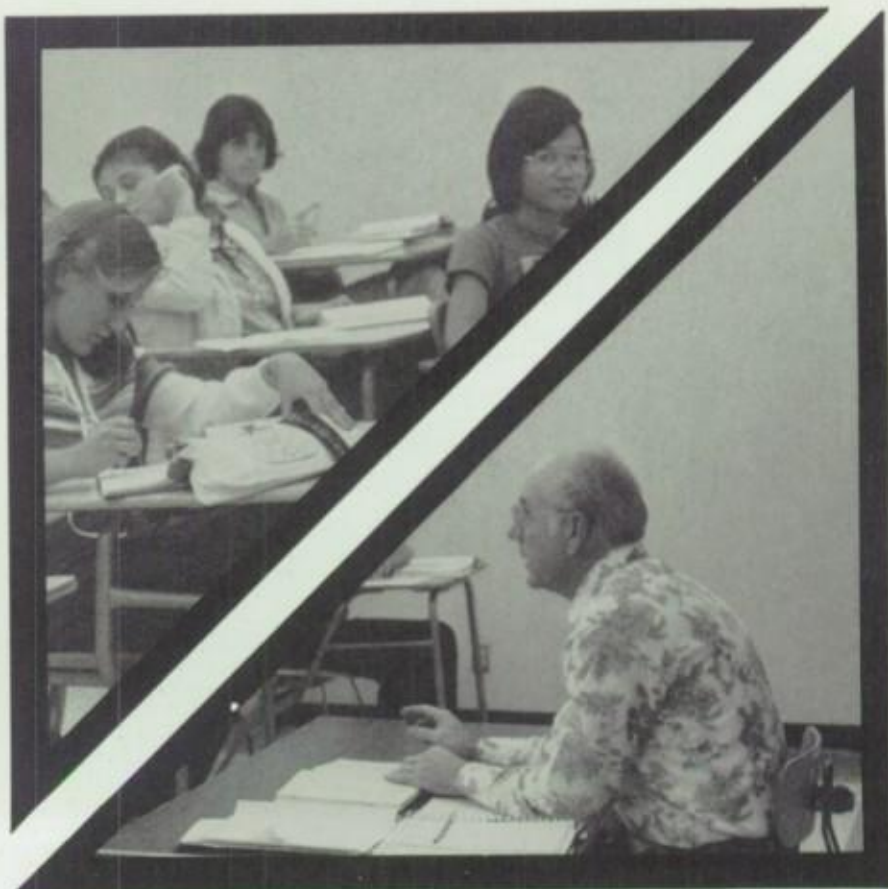

For anyone interested in Mechanics there was an auto class offered to make more knowledge available to the students about their cars. This class was headed by Mr. Bill Knowles.

P. E. Offered Physical Fitness

Physical Fitness was a class where students could get their exercise and have fun playing sports at the same time.

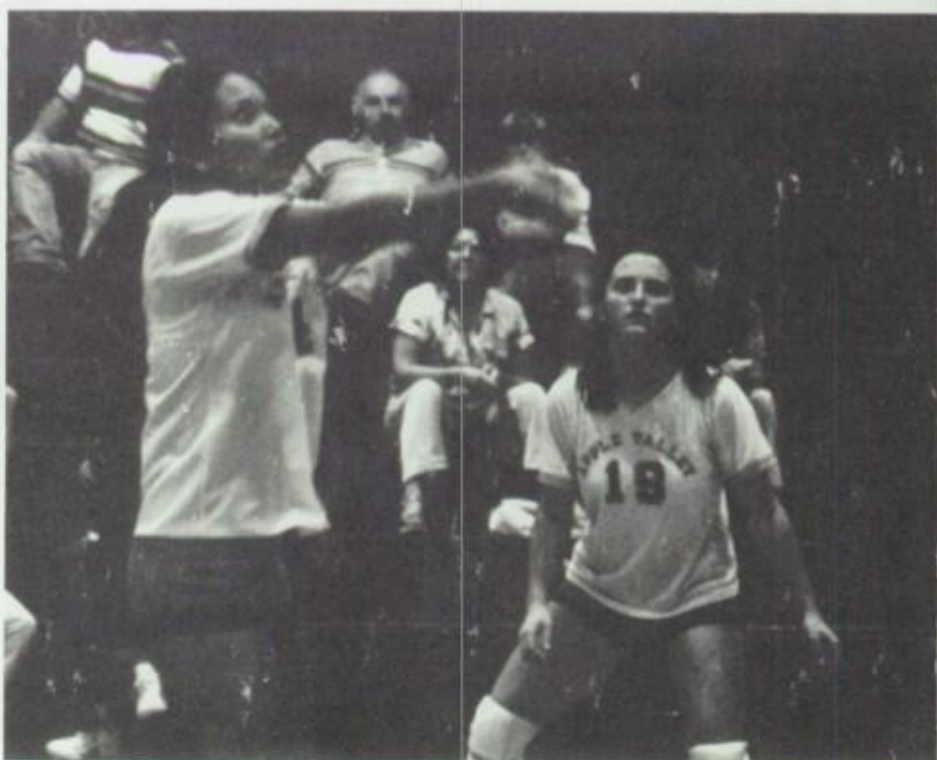

There were many sports such as Tennis, Raquet ball, Volleyball, Rugby, Weightlifting, Football, Softball, and many others. There were many teachers that taught these sports Ms. Carolyn Hudson, Ms. Sue Birdsall, Mrs. Becky Moore, Coach Bryon Price, and Coach Dan Hook.

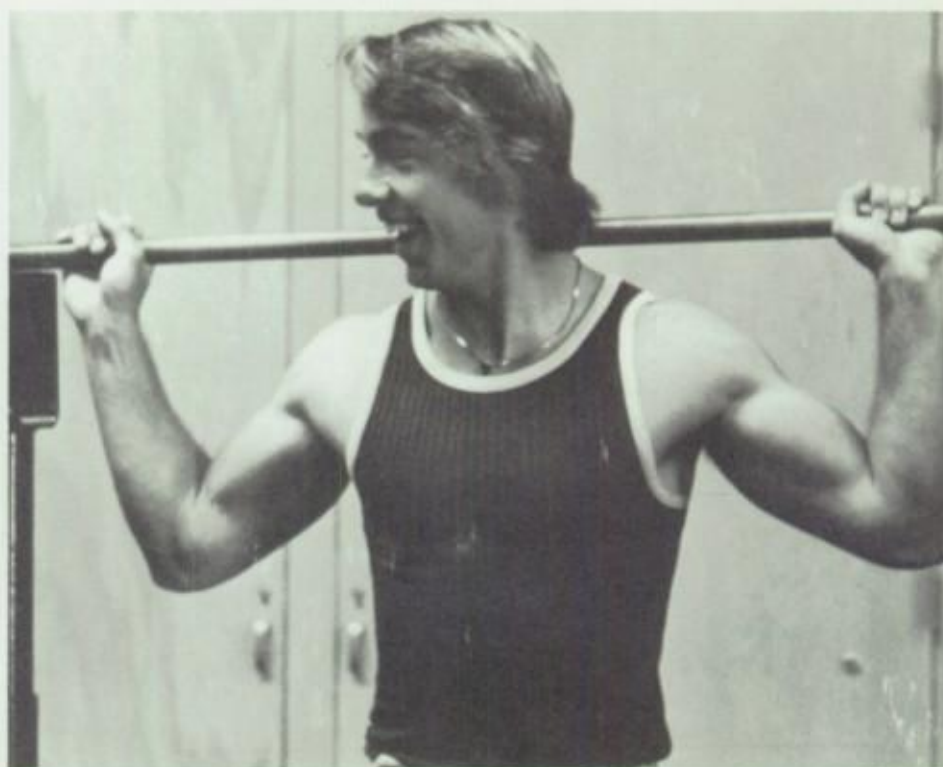

The hardest thing about P.E. was the Physical Fitness test that students had to pass as well as earn 5 credits in the class.

Sandi Burger said, "P.E. is a fun class if you like sports and like to participate in them." Kelly Macauleys comments were, "I only go to see the girls in their tight shorts." Debbie Hiorth said, "There is something about P.E. that I don't like, it must be that I've flunked for the past 2 years. Susan Pollack said, "I don't even want to talk about it."

Science . . . A good Learning experience

Among many memories from High School, the science department should provide quite a few. Remember what the frog looked like from the inside out? What a cell looks like under a microscope? And what Mr. Gerald Wyllic looked like after you blew up the lab? You will also remember formaldehyde, and the sweet aroma of 30 rain soaked bodies packed into one room. Yes, among memories, some good, some bad, there were some great one's from science. Many of this years science students enjoyed their science class, like Scotter Graham who said, "It is very interesting to find out about the earth, the course was not a waste of time." And the comment made by Dave Gatewood, "This class is very scholastic." While some of the kids said things like, "This class is boring." And it was Rhonda VanBurger who came up with the rhyme, "I like to rock, I like to roll, but this class does not catch my soul." This department was headed by Mr. Wyzlic, and some of the science teachers included Harry Cadwell, Duane Penfold, Donald Seal, Loise Shahin and O.G. Tyree.

SOCIAL SCIENCES GAVE AN UNDERSTANDING OF SOCIAL, ECONOMICAL, AND POLITICAL FORCES

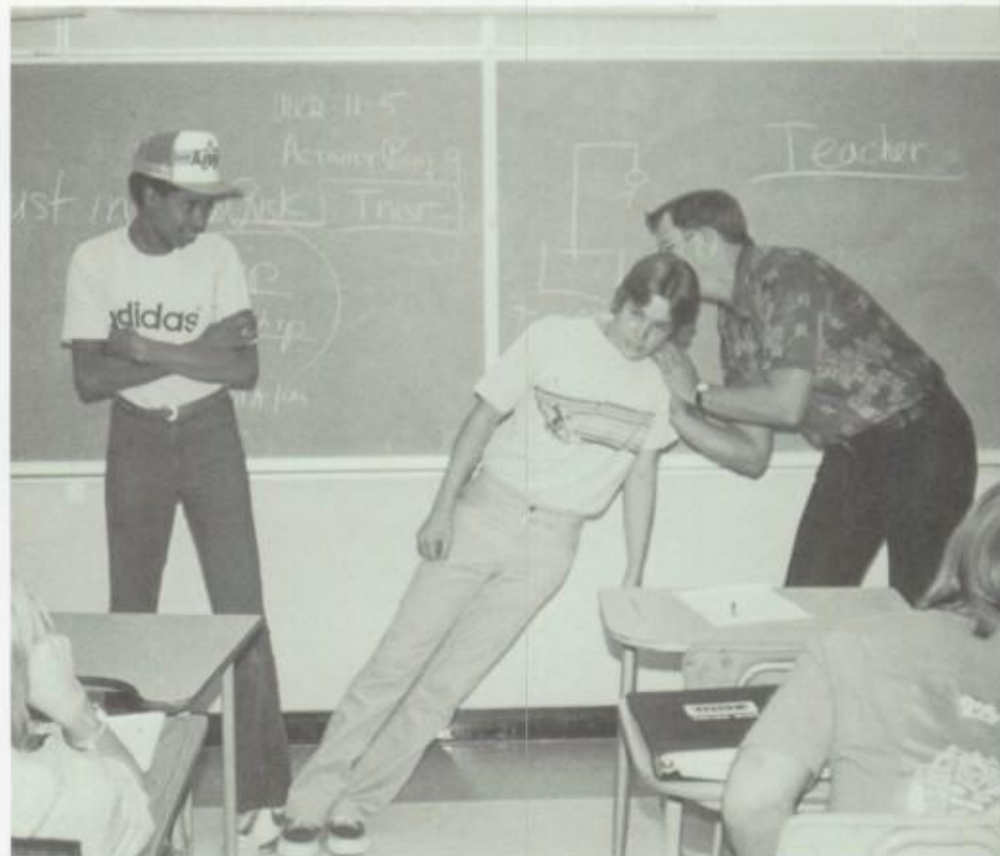

The Social Science department helped students learn about themselves, and the world around them.

U.S. History provided a background for events past and present; as well as what the future may bring.

Through For Real students were able to deal with marriage, divorce, and bankruptcy. As Wendi Highfill said, "I was able to deal with a lot of every day experiences; I learned a lot."

Psychology students gained self-understanding; as well as how to understand others' actions — Bobbi Gates said, "You learn about yourself, and how others act; it's lots of fun."

This department provided a means for students to get necessary competencies for graduation.

Work Experience

A.V.H.S. has a new work experience coordinator. A teacher and a coach here for many years, Mr. Lloyd Bevington took over as Athletic Director and as work experience coordinator in September.

He explained how work experience is operated. "Work experience offers Students an opportunity to work in school offices, hospitals, Doctors offices, and elementary schools as student teachers, and in many other jobs throughout the valley. It also gives them a chance to get experience and find out what they want."

Students earn units or credits according to how many hours they work. It's all a simple operation.

Music Department Prominent in '81

Under the direction of Mr. Robert Nygaard the Sun Devil Music Department had an enjoyable year.

The Band and Drill Team had many standing invitations to places like Disneyland, Magic Mountain, Knott's Berry Farm, Dodger Stadium, and performed at sporting events and pep assemblies.

The Choir participated in such events as the Honor Choir in Redlands, Choir Festivals, and performed with the Stage Band at the elementary and junior high schools.

CALENDAR

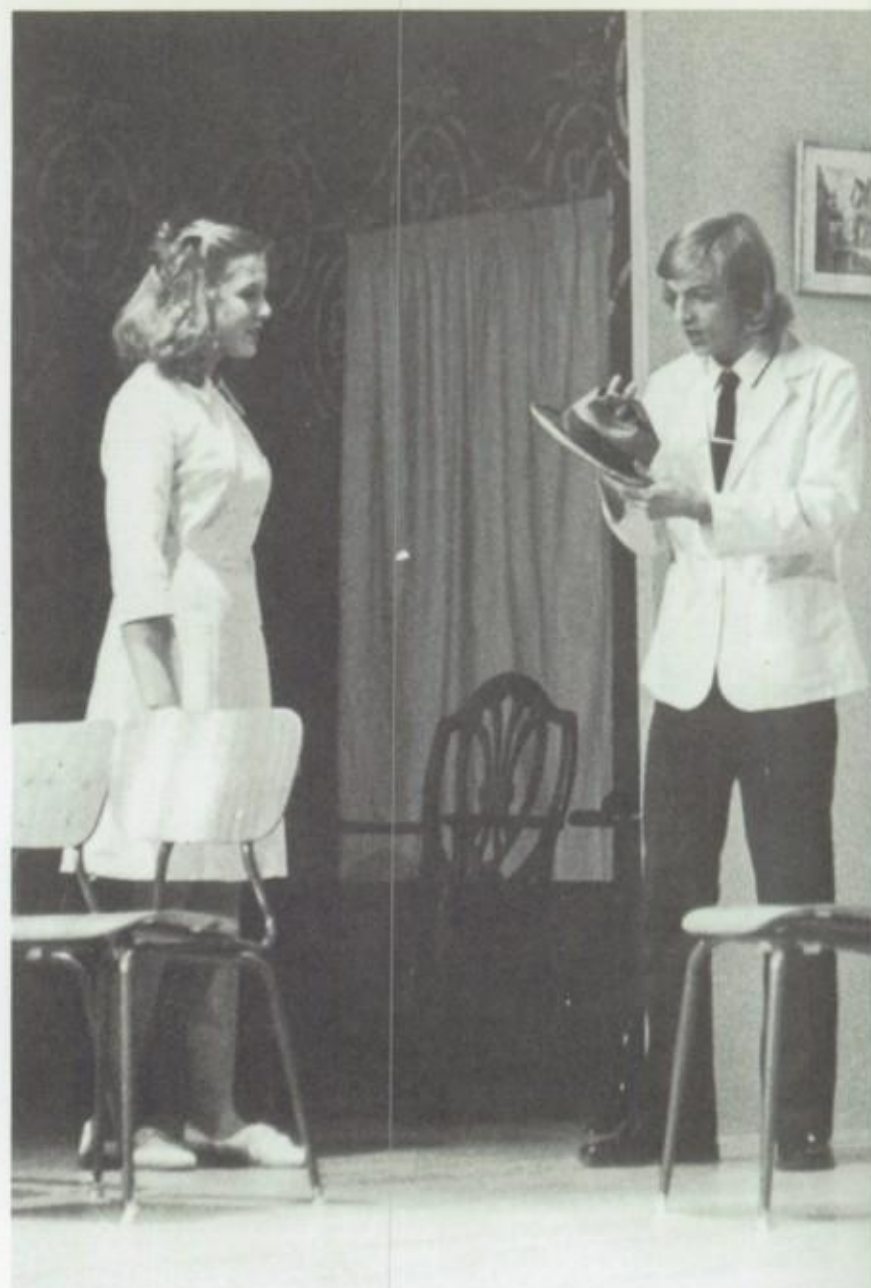

'Harvey' Presented by Drama Club

On the fourth, fifth, sixth, and seventh, of December the Apple Valley Senior High Actors Guild put on make-up and costumes and performed "Harvey," a play by Mary Coyle Chase. The three act play was enacted at the Apple Valley Community Center.

The cast members thought the play went well and was successful as a fund-raiser. Their only regret was that it was over all too soon.

For the first time, two actors were cast for one part. This enabled more students to gain acting experience. However the main characters were left for only one actor.

Top Right: Gary Campbell and Jennifer Sauers.
Bottom Left: Mary Bibb and Thad Anderson.
Bottom Right: Ron Godfredsen.

The cast also included Jeanette DeBar, Donna Erbe, Cynthia Fedler, Tammy LaClair, Debbie Morton, Terri Page, Sherri Shimshy, and Mary Sweirczek.

Bottom: Dayna DeBlanc, Bob Peters, Ralph Ross, and Mary Bibb.

Pep Rallies

The exuberating sound of Apple Valley spirit was alive in "81" and whistling blaring from the demand gym walls. Something about those shortened Fridays seemed to excite students all over the Apply Valley campus. Shelly Michener, pep commisioner, was in charge of planning the pep rallies and getting the songleaders, mascot and cheerleaders, into their proper places. Pep rallies keep the orange and black RED HOT! Spirit at A.V.H.S. will never die.!

Julie Klenner: "Rallies really bring out class spirit. Its good to see people support their class."

Kathrine Hartwick: "Without pep rallies school wouldn't be as fun as it has been this year."

Frank Jenks: "They are loud exciting activities and they really do a lot to get you ready for the big game."

POWDERPUFF: SENIORS LEAVE WITH VICTORY

The 1980 powderpuff game was played before Christmas vacation. The juniors did an outstanding job taking the opening kick-off, and driving on the senior defense. Seniors gained respect from that drive, but the juniors did not score. All scoring was made in the second half of the game which ended on a touchdown pass made by junior Susie Gauvin to junior Rina Raya. The juniors attempted a two point conversion that failed. The seniors walked off the field with a victory of eight to six.

FALL SPORTS

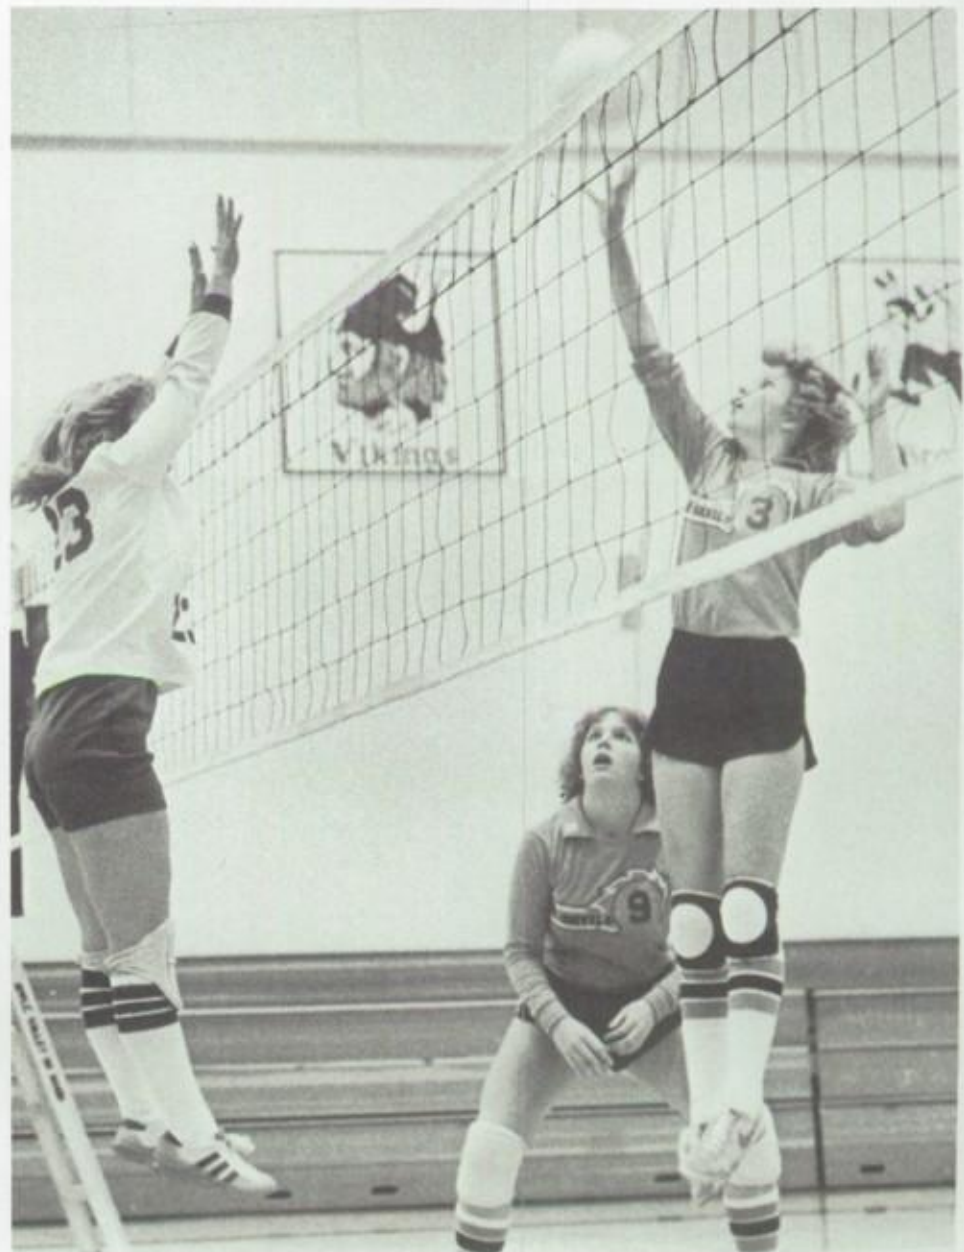

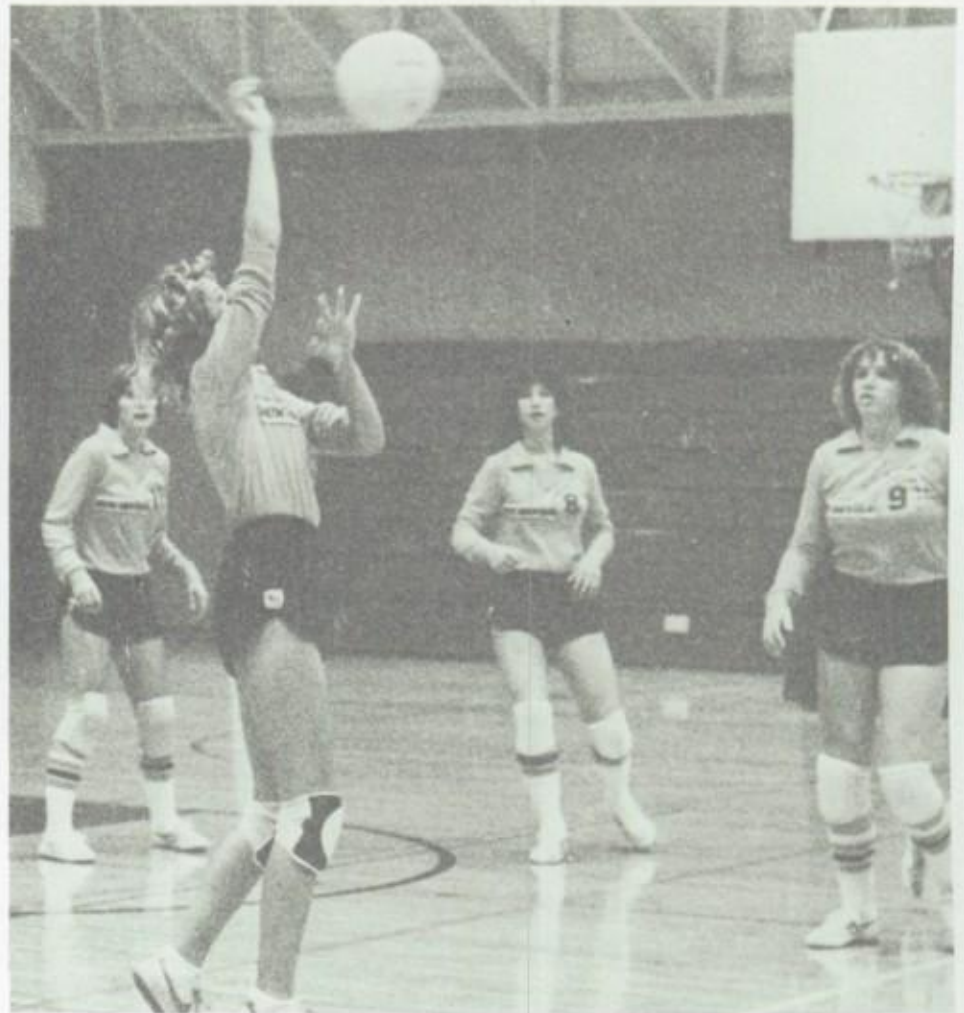

Varsity

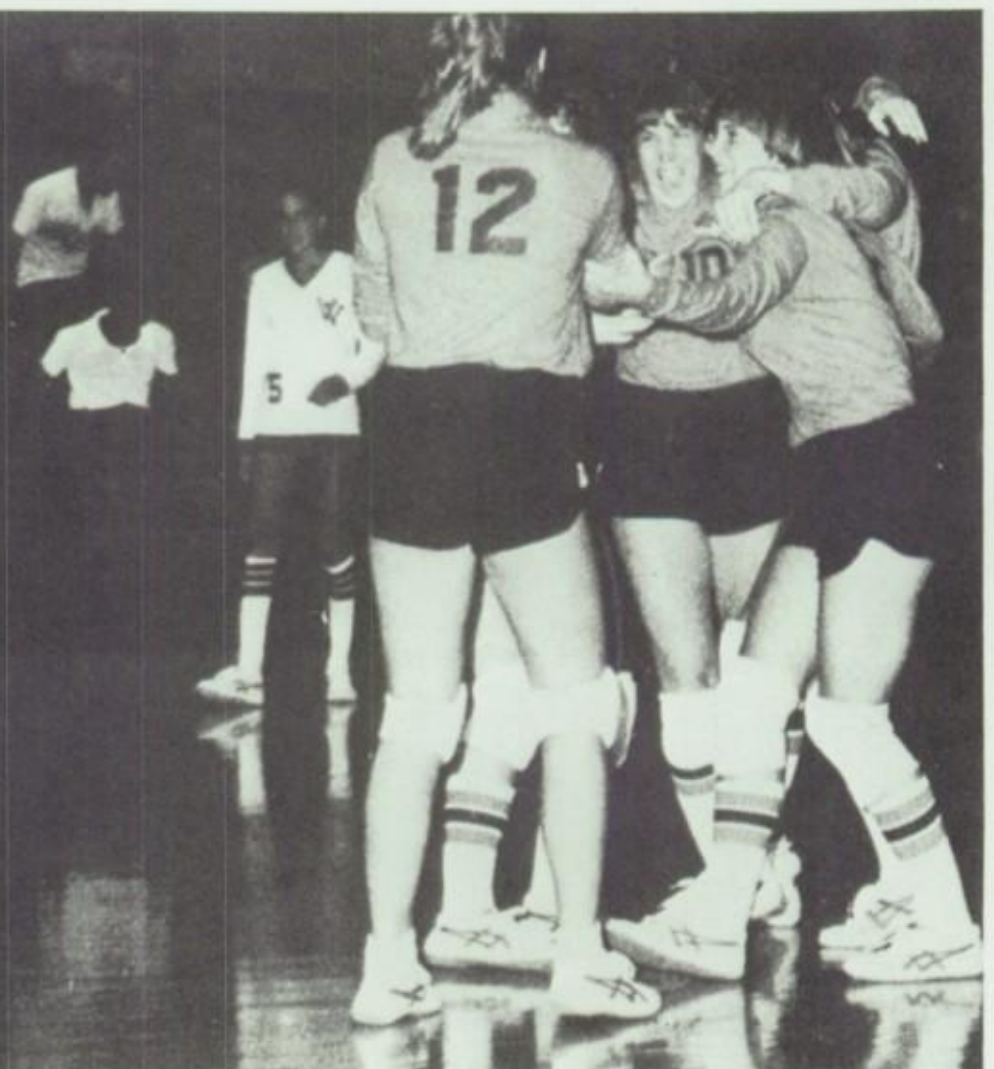

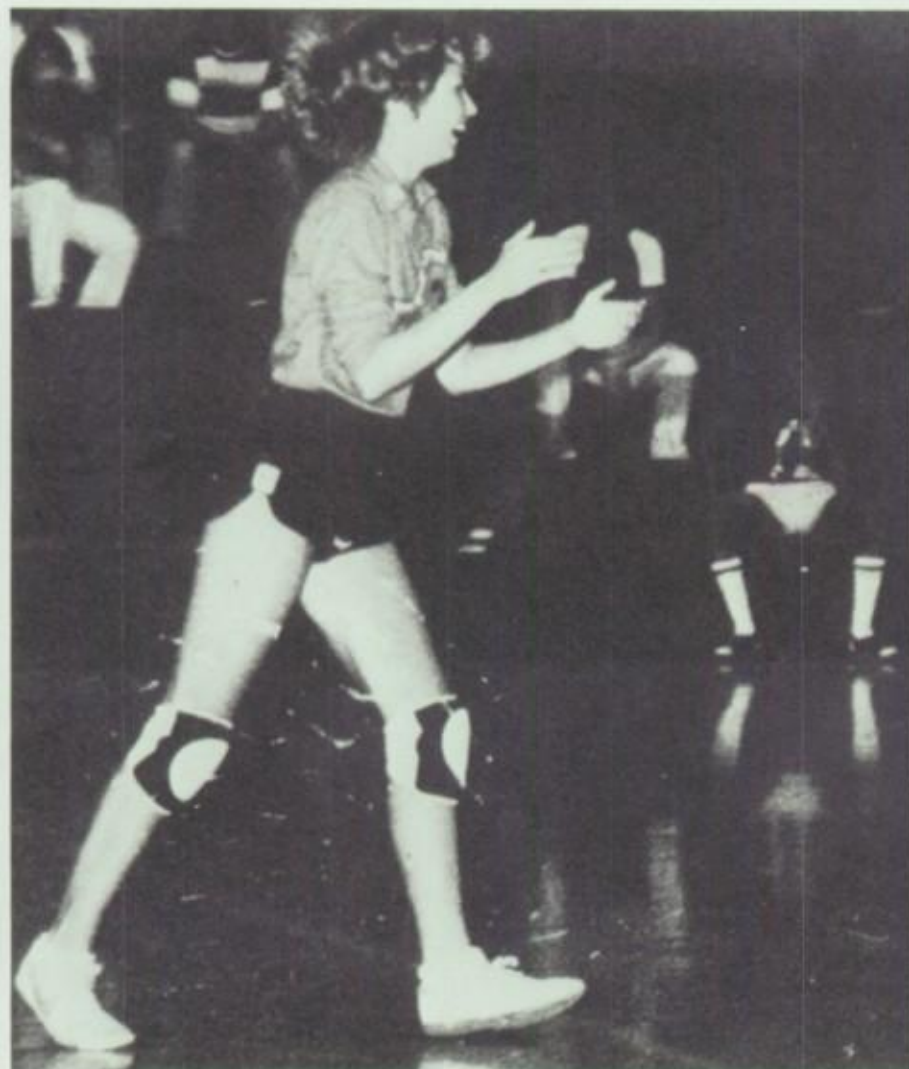

1980-81 volleyball season was successful in more ways than one. Not only did they have an outstanding win/loss record, but the team demonstrated what the purpose of athletics was all about. They displayed good positive attitudes, developed strong character and played with a winning spirit.

"Every coach should have a chance to work with a group of girls with their kind of dedication", said coach Birdsall. "We all worked hard, gave it everything we had, and in the end it payed off. The strong ties developed between the players will be hard to break."

J. V. Volleyball

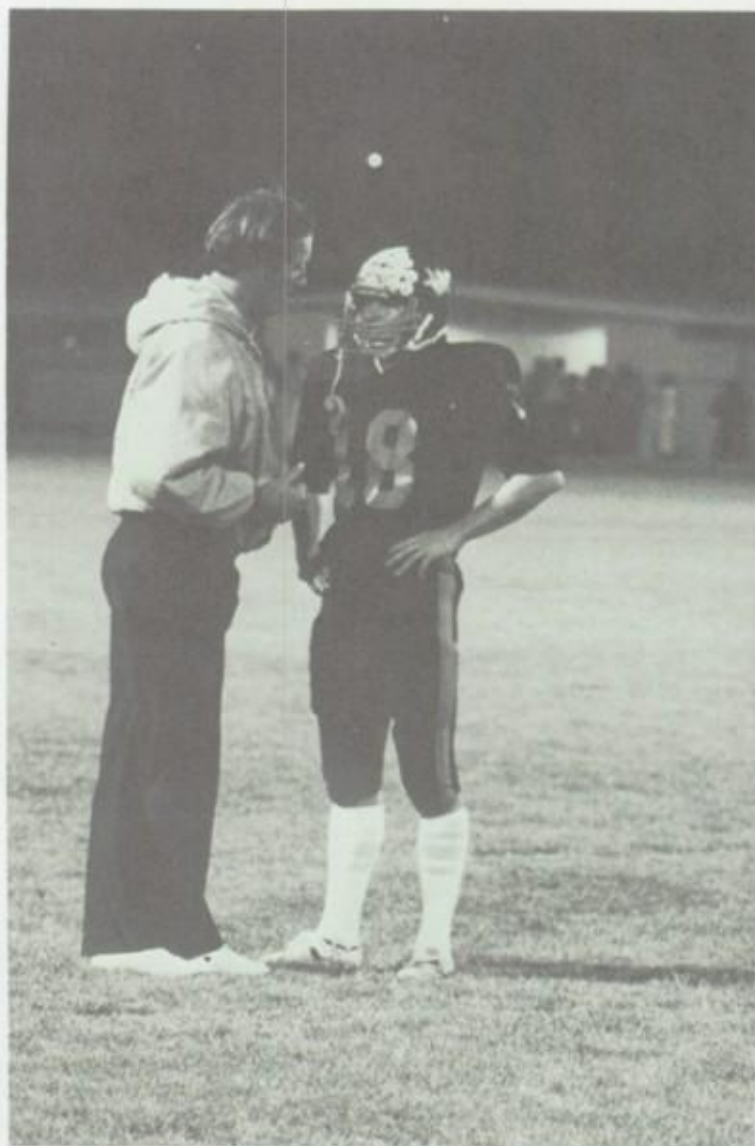

The Junior Varsity team was special. Special in the way that they were the first team with no background in athletics from the junior high. This made it hard on the players, they had to want much more, because learning team work and skills was a long hard process. These 1980-1981 Junior Varsity players had worked hard and improved tremendously.

Football Season Exciting

The Sun Devils Varsity Football team came through with a 3-2 non-league and a 3-2 league record. They also went to C.I.F. and played a first round game. The Devils were led by Quarter Back Frank Gibson with 890 rushing yards, Running Back Pat White with 925 total yards rushing, Curtis McWatters All League slot back, and Eric Edwards All League linebacker. Coach Dan Hook led the Varsity Team through a successful season.

Tennis

The whoops and shouts of victory could be heard throughout the courts after every match. The will to win with a great backhand and forehand was the combination that made a winning season for the 1980-81 tennis team. When the going got tough, the team pulled through with that extra effort. It not only took good conditioning of the body, but also of the mind.

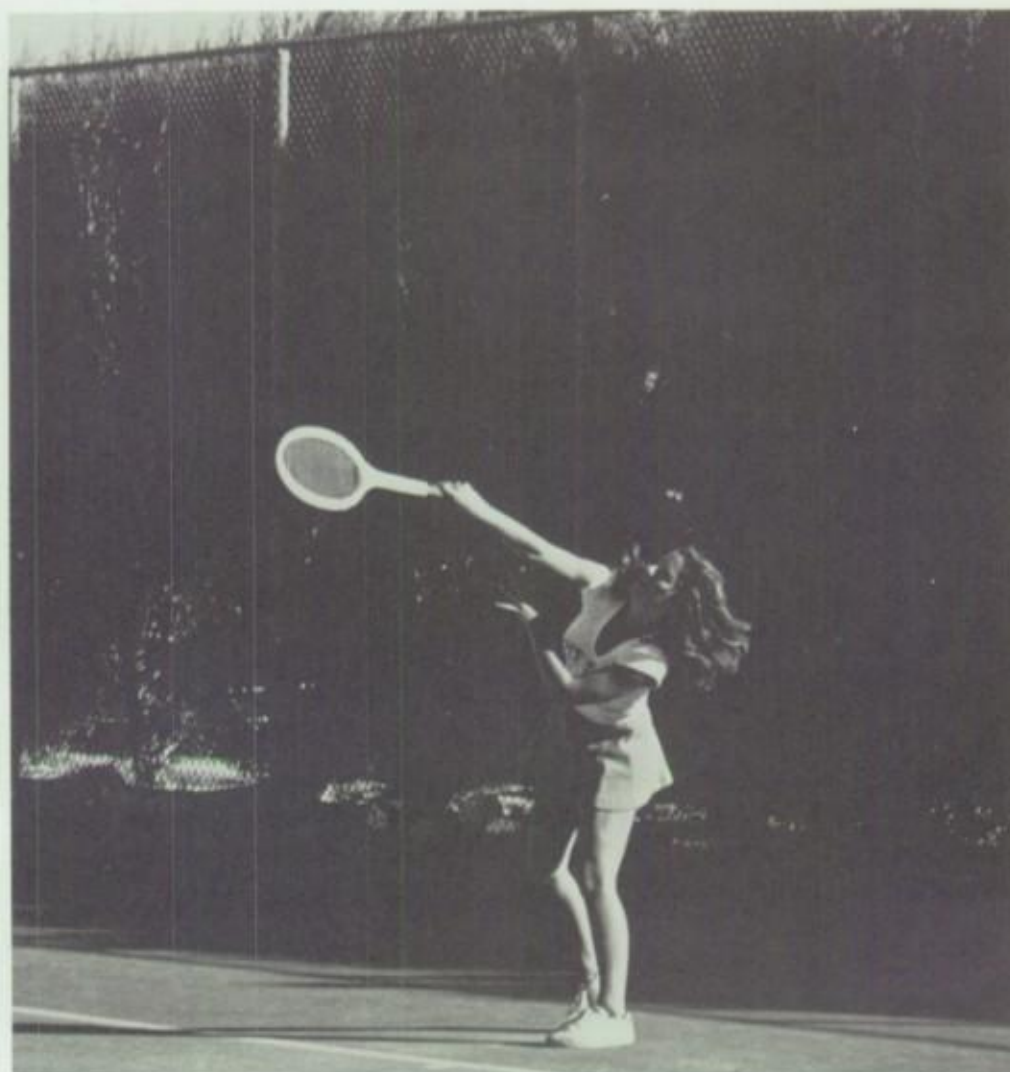

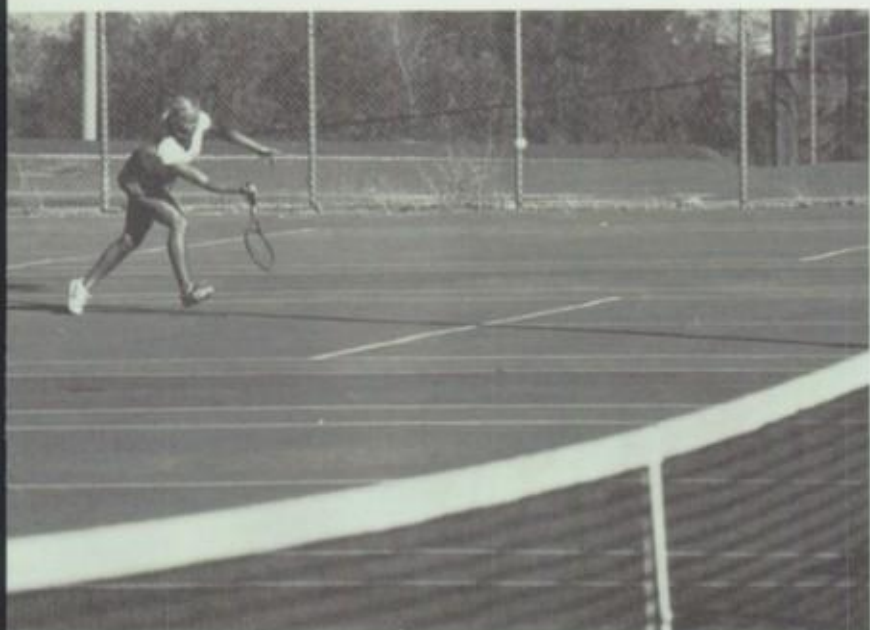

"Playing on the tennis team has just been a fantastic experience. We all got along so well, and it showed in our record. I would like to thank everyone involved for making so much fun," said, Margie Goodspeed.

Julie Pinard said, "I think it's excellent that we've been able to go undefeated three years in a row."

Hiangkie Han added, "I think the reason we did so well is because we respected each other and played together as a team"

Cross Country

The gun sounds, signaling the start of the race. The runners are off on the dusty trail of the course. Each striving to achieve his goal. Some to be first across the long awaited finish line, others just to reach it. Either way, Cross Country holds no losers.

Their spunky attitudes made the meets not only grueling sport events, but exciting activities that were enjoyed by the many fans and competitors alike.

A few comments from some successful Cross Country runners are:

"Cross Country was tough, but easier this year than last year since we're running on a new course. It was fun!" Mark Crandall.

"Cross Country is great! I really enjoy it. I'll miss it next year." Laura Ely.

"I enjoyed it because you meet lots of nice people, and it keeps you in shape; that's why I think it's fun," Michelle Hanberry.

Girls Basketball

Let's here it for the first girls basketball team from Apple Valley High! They didn't have many wins but they had some great games and were off to a good start. The Varsity coach was Howard Erickson, a gym teacher at Apple Valley Junior High. The team said he was a great coach and easy to get along with. The players also got along well with the Junior Varsity coach, Debbie Saugstead and felt they learned alot from her.

When asked if any of the members felt pressured by being the first team, Stacie Edwards (JV) said, "We felt more proud than pressured! It's like we're setting a goal for everyone that wants to play next year."

Patti Cooley (V) said, "It was exciting because it was a new phase for girls sports."

Hayley Harrison, a sophomore, playing on the Varsity team said, "There's no pressure, just a good excuse for not winning."

Most of the girls agreed that it took many hard practices and working together to make a team. They also agreed that next year they want to see more support from the fans.

Wrestling

Under the top coaching of Bill Henderson the Sun Devil Varsity and Jr. Varsity wrestling teams got off to a good start early in December winning or placing high in each tournament they entered.

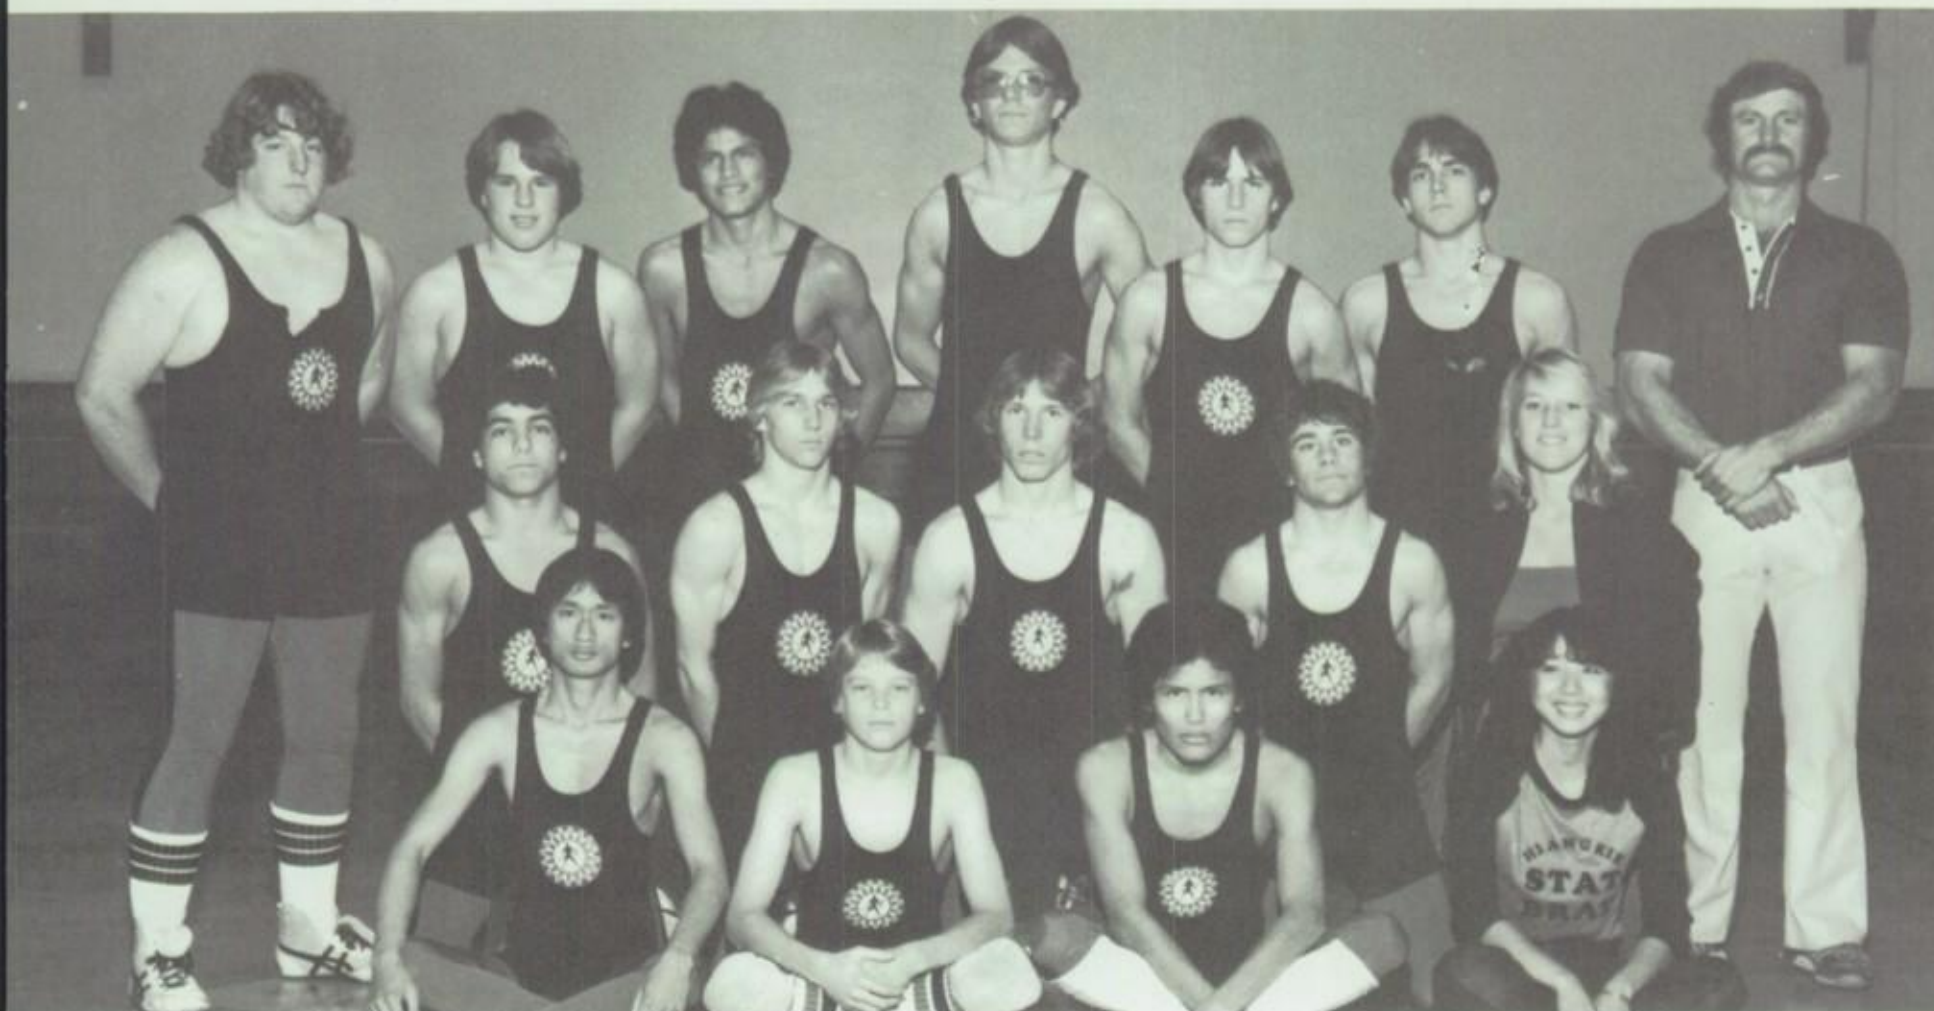

Other teams gave little opposition to this 81 wrestling team. The Sun Devils had a pretty good year.

When asked at the first of the wrestling season, how he thought the team would do Coach Henderson just smiled and said, "We've got a good team. We're doing good and we'll keep doing good."

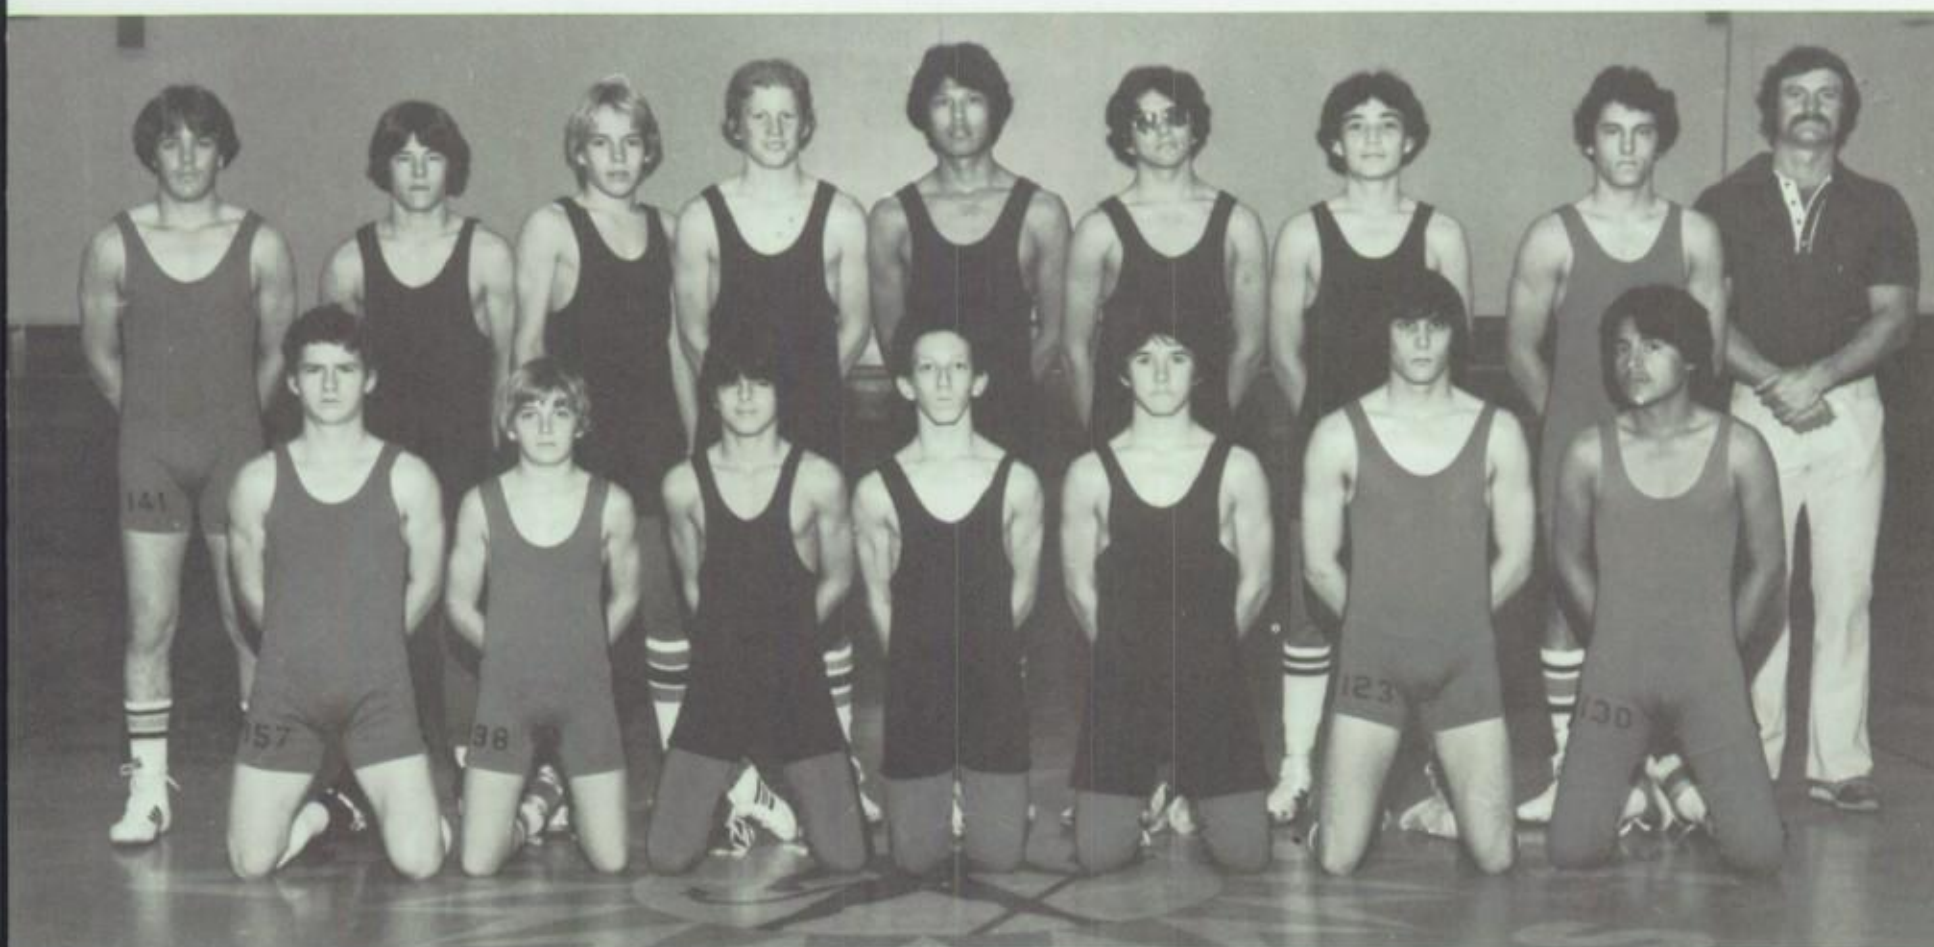

Some of the top wrestlers in their weight class were Robert Clark and Curtis McWatters.

SPRING SPORTS

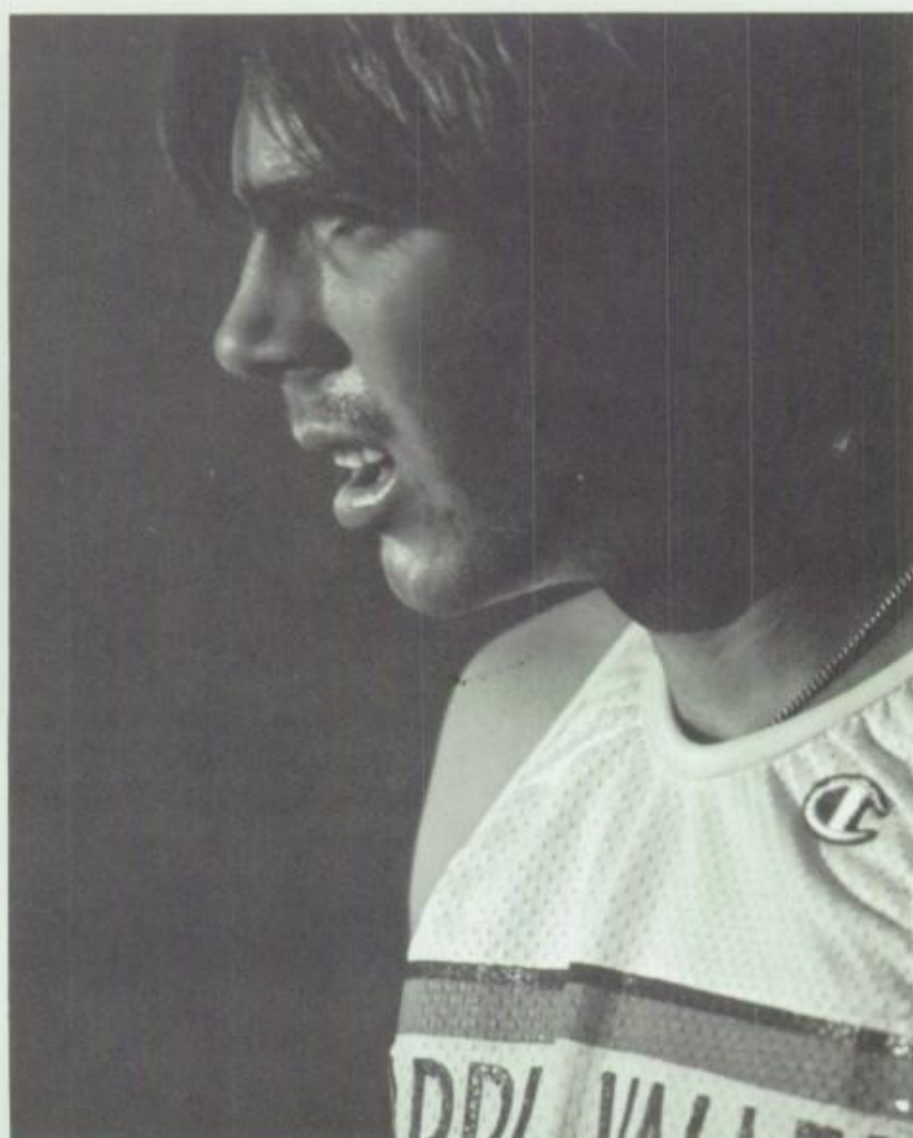

Track

At Apple Valley High School, out of the many sports track has to be one of the most inspiring and physically demanding. Almost anybody can go out for it. It just takes dedication and hard work, just like any other sport. The pain and agony that goes along with the running, equals out with a great feeling of coming across the finish line with a 1st place. Ask any runner and they will say, if you work hard you're gonna be good.

Varsity Baseball On Its Way To The Playoffs

Boys Varsity baseball had a great season beginning in 1981. They were 4 wins 5 losses and 1 tie in the League at final deadline time. They beat Yucipa for the first time in 3 years. An opinion from Paul Rein was "The team is enthusiastic and are confident about winning." Joe Bell said "The team has a good start and is playing good defense. The players are getting along well, they play more as a unit."

The J.V. baseball team had won 2 and lost 5 in the League at final deadline time. The new coaches were Coach Dan Hook and Coach Lent. The J.V. players were basically new players. An opinion from Steve Tripp was "We are still making a lot of errors, but through the season we expect to improve. The coaches are also encouraging."

The leading Varsity pitchers were Jeff Jackson and John Hume-nik. The leading hitters were Joe Bell and Jeff Wierzbicki. The leading J.V. pitchers were Steve Tripp and Derek Espinar. The leading hitters were Brad Barington, Ron Anthy, and Derek Espinar.

Apple Valley Senior High School hadn't been in the CIF baseball playoffs since 1972. But the way they were playing, the team should make it in 1981.

Softball

Apple Valley Senior High Schools Varsity Softball team had a new coach this year, Ted Umbarger. There were only three returning Varsity players Denise O'Dell, Lori Hulquist and Roberta Hinojosa.

Terri Helgadalan, Varsity player said, "Softball is a very competitive sport and I enjoyed it a lot."

GOLF LOOKED PROMISING

Golf in 81 was different from in the past. Instead of two — team meets, all five teams played together. As Coach Lonsinger said, "Being a young and experienced team with plenty of room and good attitudes a hopefully successful season awaits them."

The sundevils two top golf players consisted of Senior Kurt Nassif and Junior Tim Meeken, these two players showed much effort throughout the season.

'81 — The year is done
Time has run out
for the Class of '81.
The one's have passed the mark —
leaving it forever in memories

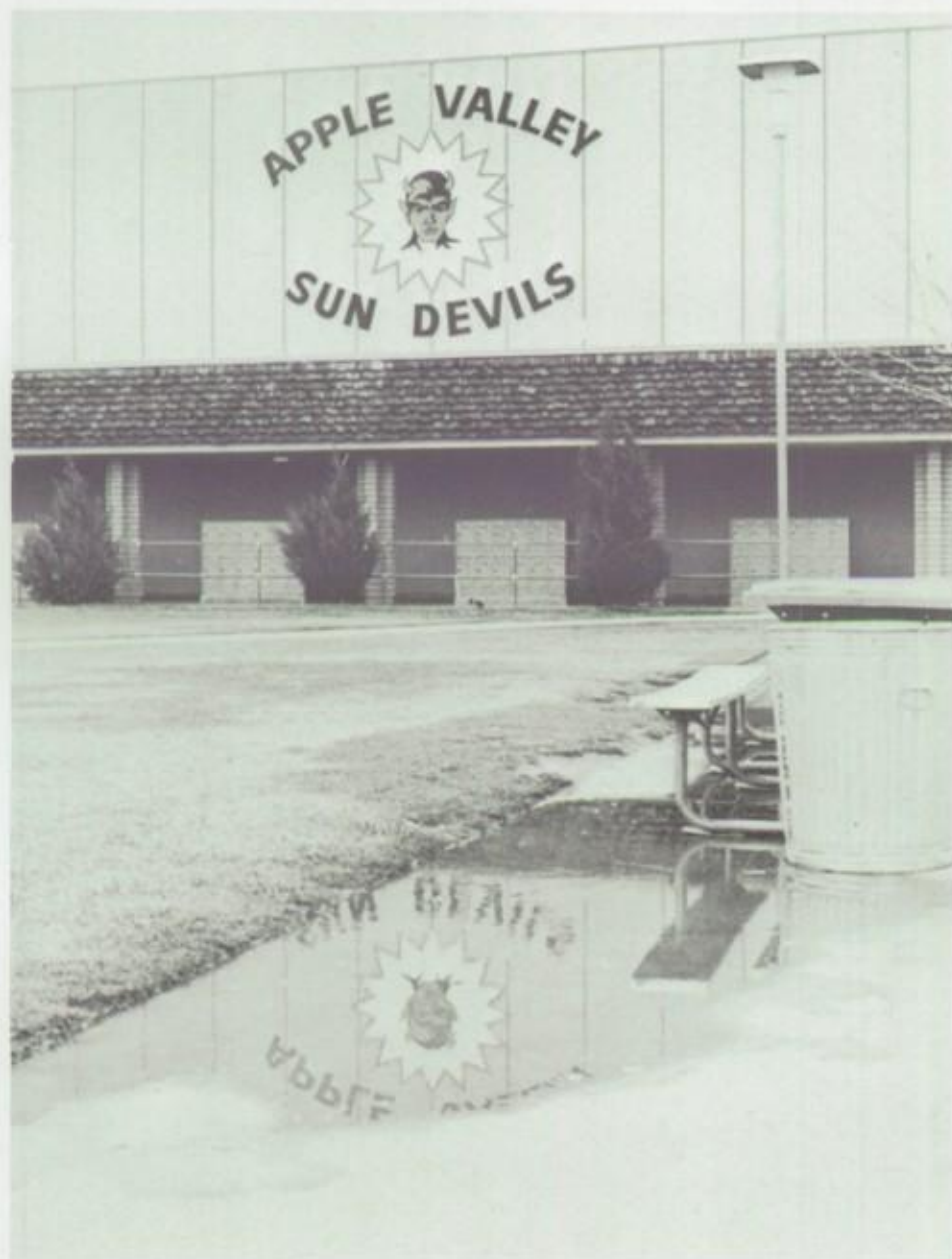

'81 — Remembered and
remembering
those days when one's
were supreme.
All the happy times:
Friends, games we played,
Success . . .

Looking forward
to college, new jobs, traveling,
family . . . and always mindful
of who we are — the Class of '81.
See you in the year 2001.

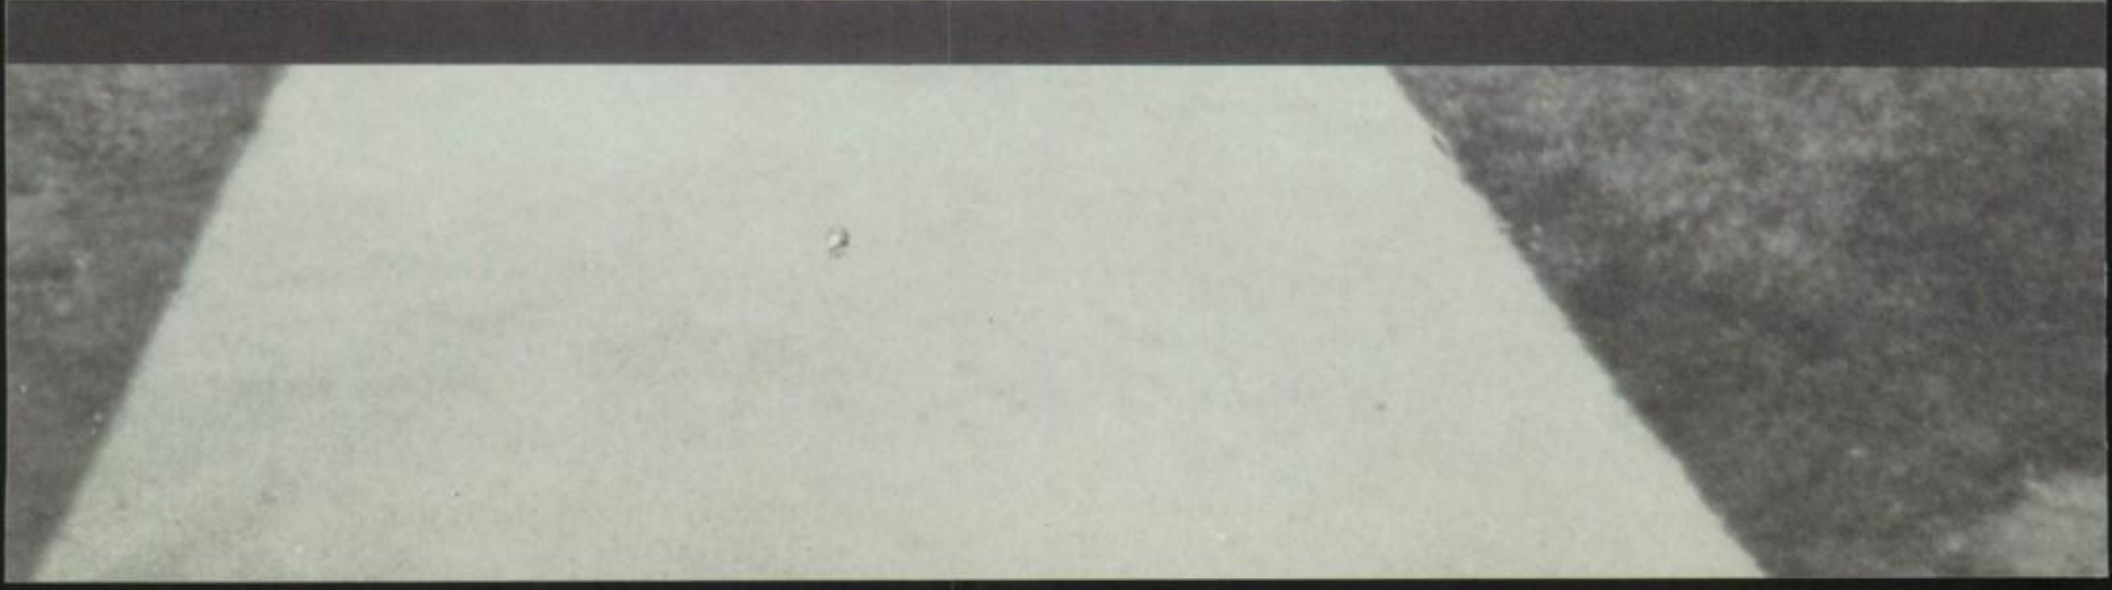

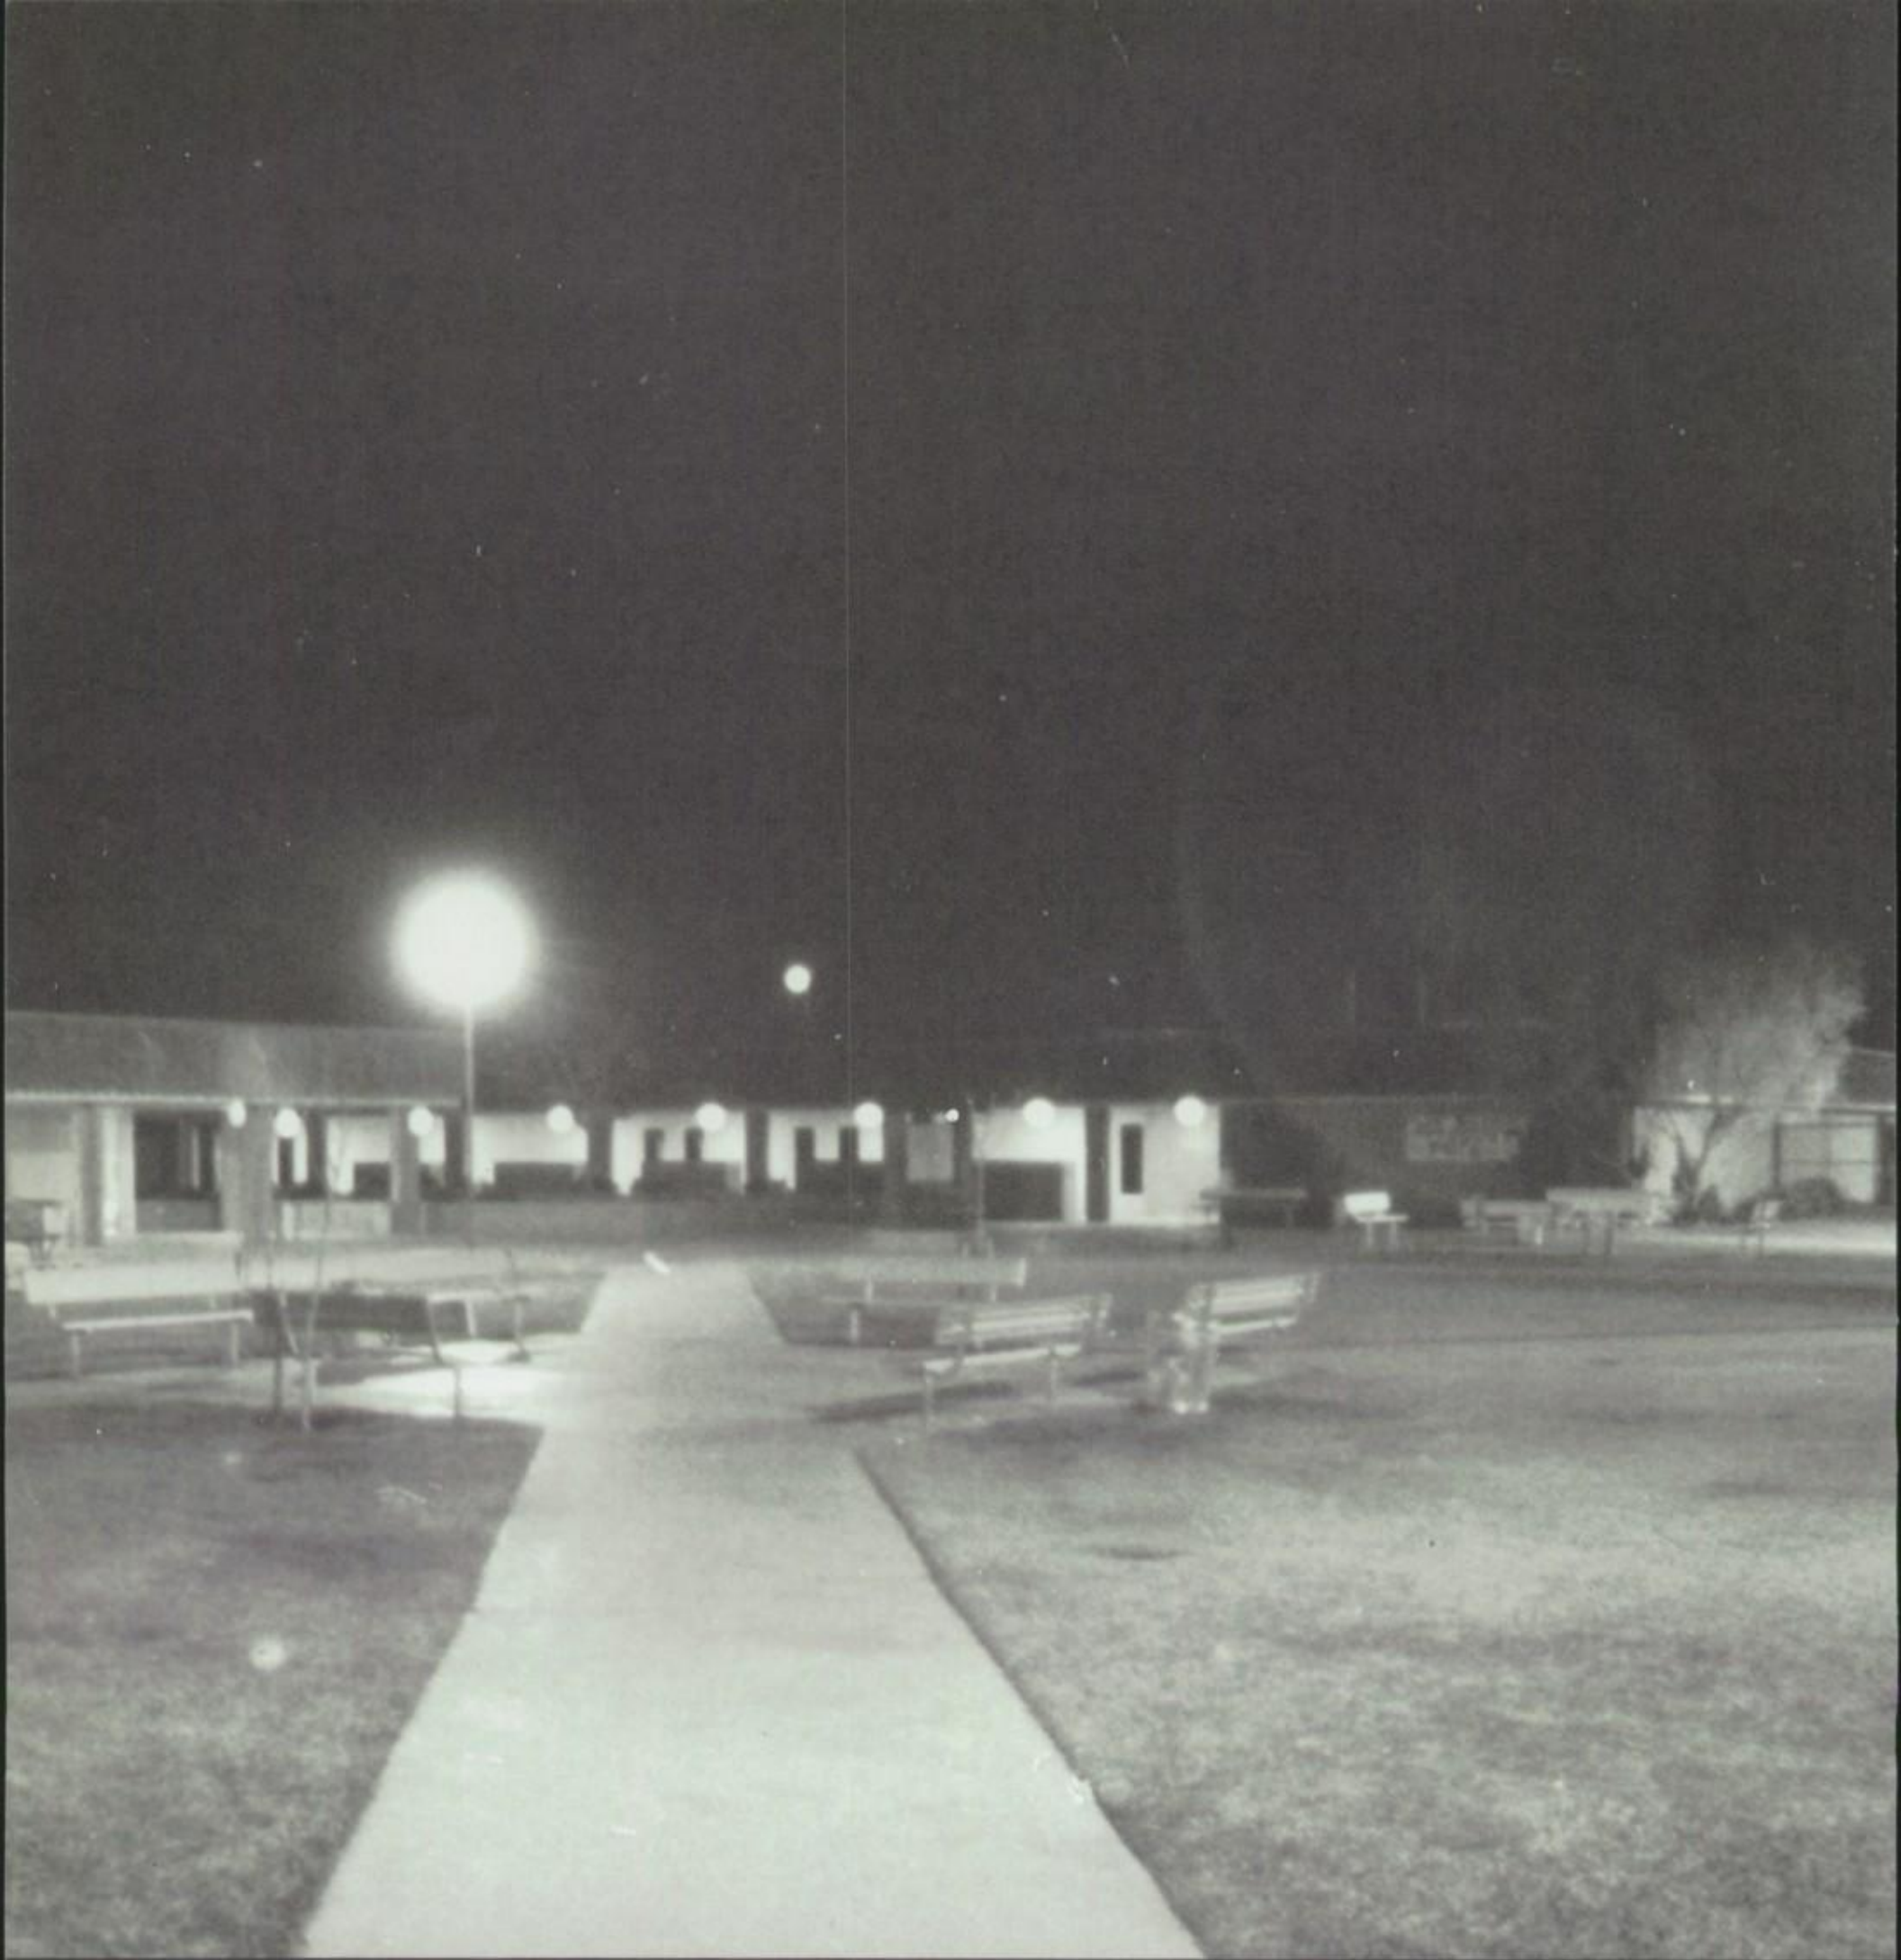

stay straight
this summer and party

Tom, your
a very nice
quiet. We had
some great time
in school
Well I hope you
have a nice summer.
And I hope you
fulfill your goals that
you want to. And I hope
the best of it. I hope
you have a nice graduation
and always remember
the good times.
Take Care
Love Ya
Loi Finnigan

sorta! it is a good
rest out of word. I+ get ya
best of things. a lot of troubles
People wonder - more or less in a
in this. thing called life * have fun
Good luck and all
Blue Decker

Have a good
dinner
Robert Black
